DILL DEMANDS RESIGNATION IN A RESOLUTION

Washington Senator Asks Coolidge To Act As Result of Connections In Leasing of Oil Reserves.

(International News Service.)

WASHINGTON, March 31.—A resolution demanding that President Coolidge immediately request the resignation of Assistant Secretary of the Navy Roosevelt because of his connections with the leasing of naval oil reserves was introduced in the senate this afternoon by Senator Dill, democrat of Washington.

Dill recited Roosevelt's former employment by Sinclair Oil interests and his action in ordering marines to drive oil claimants off Teapot Dome as the chief reason why he should be removed from his post.

"I think Colonel Roosevelt is more involved in these leases of naval oil reserves than ex-Secretary of the Navy Denby ever was," Dill declared.

"Roosevelt carried the order to the late President Harding transferring the naval reserves from the navy to the interior department and was acting secretary of the navy when marines were ordered to throw off all oil claimants on Teapot Dome. The procedure should have been gone into by the courts and not by the outrageous use of the military forces of the country. His relationship with the oil lease said Harry F. Sinclair, lessee of Teapot Dome, makes him unfit for the high office he holds.

"When Denby went, Roosevelt should have gone."

To Begin Campaign.

Dill is leaving late for Pontia, Mich., where tomorrow night he will make the opening speech in his campaign to oust Roosevelt from office.

The resolution follows:

"That, whereas Theodore Roosevelt, the assistant secretary of the navy was a director of the Sinclair oil company previous to his entrance into the government service.

"Whereas, he carried the executive order to the white house for the president to sign, which order transferred the control of the navy oil reserves from the secretary of the navy to the secretary of the interior.

"And, whereas, in the absence of Secretary Denby in July, last year, ordered marines to remove all oil claimants from the naval reserve, number 3 and thereby made an outrageous use of the armed forces of the United States government to perform acts which should have been performed only by civil officers on the order of a court after due hearing of all facts in the case.

"Now, therefore, be it resolved that it is the sense of the senate that the president should be and he is hereby requested to ask for the resignation of Mr. Theodore Roosevelt as assistant secretary of the navy."

UNIONS ENDORSE GOVERNOR BRYAN

Farmers and Shopmen Also Recommend Re-election of Morehead.

Endorsement of Charles W. Bryan for governor was made by representatives of the Havelock local federation, railroad shop crafts, Farmers Unions and Federated Farm Bureau at a meeting held at Havelock Saturday evening. Congressman John Morehead was endorsed for re-election as congressman from the First district, W. C. Parriot for judge of the supreme court; W. F. Dale for the state senate; and I. W. Jacoby for state representative from the Thirty-first district. The action taken by the conference for progressive political action was approved.

The delegate to the state conference of the federation was instructed to work for Bryan for governor.

STILL SEEK THOMPSON.

Failure of subpoena servers to locate William Boyce Thompson, former chairman of the republican national committee's finance committee, was reported to the senate oil committee today by the senate sergeant-at-arms.

Much "Hardware" is Removed From a Man's Stomach

CHICAGO, March 31. — Three pounds of junk, ranging all the way from tacks and safety pins to beer checks and bolts have been removed from the stomach of William Bartelle, 24, "human ostrich." Dr. Max Therik, who removed the collection, said that Bartelle had a fair chance to recover.

Bartelle is a professional "swallower," but a big spike proved too much for him. It punctured the wall of his stomach and an operation was necessary to save his life.

Dr. Therik removed 110 nails, 77 safety pins or parts of safety pins, 22 paper clips, four bolts, 12 tacks, two nuts, 33 thumb tacks, two beer checks and a miscellaneous collection of washers, screws, and a can opener was found in the collection.

Prince Sets Hanky Style

LONDON, March 31.—The Prince of Wales is responsible for large west end window displays of handkerchiefs with highly colored decorative borders. Recently the royal heir appeared with such a handkerchief prominently displayed in his breast pocket.

The haberdashers have learned that to follow the prince in his fashions is money in their pockets, hence they are selling the young bloods the hankies by the dozen.

FLOOD WATERS DROP SLOWLY; THIRTEEN DEAD

Eight Lose Lives in Western Pennsylvania and Five In Maryland When Rivers Overflow Banks — Total Damage Large.

(Associated Press.)

PITTSBURGH, Pa., March 31.—Flood waters of the Monongahela and Allegheny rivers, swollen by rains and melted snow from the mountain regions of western Pennsylvania and West Virginia, were sweeping eastward through the Ohio valley today. A stage of 41 feet was expected by noon at Wheeling, which would submerge the district fronting the river bank.

Streets in most of the Pittsburgh district bordering the rivers were inundated, some to a depth of six or seven feet, Sunday, when both the rivers left their channels. A stage of 29.2 feet, seven feet above the flood stage, was recorded, the highest in eleven years.

Much damage was done to industrial plants and many operations will be suspended until repairs are made. The flood waters were receding today.

Railroad transportation was greatly affected but service was being slowly restored.

Eight deaths in western Pennsylvania were attributed to the flood. Five others occurred at Kitzmiller, Md., when an entire family was swept down the Potomac river.

Red Cross to Aid.

WASHINGTON, March 31.—A relief organization similar to the one used effectively during the Dayton flood, has been set up by the Red Cross ready for instant action at any one of the several danger points

Work of Community Chest Is Endorsed by City's Churches

The Lincoln Council of Churches, at a special meeting Monday morning, during which the discussion turned to the work of the Community Chest, unanimously voted the following expression:

"The Lincoln Council of Churches desires to express to the Community Chest committee full appreciation of the very fine work thus far accomplished and to give assurance of our continued interest and largest co-operation in the completion of the task of raising funds necessary for the thirteen societies, represented by the chest, engaged in the welfare and charity work of this city.

Sincerely,
"M. A. HYDE,
"President."

The music and drama committee of the chamber met Monday noon to make plans for fostering the glee club concert, the vesper concerts, and also the production of Elijah, May 14, under the direction of Mrs. Carrie Raymond, by the University chorus

NORBECK HAS A NEW CHARGE

South Dakota United States Senator Claims Federal Workers Being Employed at "Elaborate Headquarters of Coolidge Managers.

CHALLENGES THE DENIAL OF WILLIAM M. BUTLER

Renews Claims of Lavish Use Of Money In Dakota Contest and Declares Statement of Coolidge Management Partially Untrue.

(Associated Press.)

CHICAGO, March 31.— Charges that "there was much more evidence of lavishness in the Coolidge primary campaign in South Dakota than was noted in the Wood and Lowden campaigns in that state in 1920, when criticism of expenses resulted in a senate inquiry into campaign funds were made today in a telegram from United States Senator Peter Norbeck, a leader in the Johnson campaign.

The telegram also charged employment of federal workers in the "elaborate headquarters" of the Coolidge managers.

Senator Norbeck pledged to the Johnson Candidacy, was elected as a delegate-at-large to the national convention in the primary last week.

The telegram, challenging the denial of William B. Butler, national director of the Coolidge forces, that excessive amounts were expended in South Dakota was dated at Redfield, March 29. It read:

"The statement of the Coolidge management as to their expenses in South Dakota is untrue in many respects.

"They spent about $15,000 in advertising alone during the last week, misrepresenting Hiram Johnson's record. During this period the Johnson committee spent only $300 for advertising.

Many Paid Workers.

"Paid Coolidge organizers were numerous in trains and hotels. Paid workers were much in evidence on the street corners of our villages and towns.

"Checks were sent into the smallest villages by the Coolidge organization with instruction to draw for more if needed. A daily newspaper was established in the state capital to champion the Coolidge cause. There was a large army of South Dakota men and women on their payrolls. They maintained elaborate headquarters under the direction of

Burglar of Chicago Risks Capture For A Radio Program

CHICAGO, March 31.— Gun duel, wounds and frowning prison bars—what are these when a radio fan stands before a good receiving set and feels that competing urge to tune in and find what's "on the air." Chicago's radio burglar risked all for a good broadcasting program.

Charles Kordecki, deputy bailiff of Municipal court, returned from the movies with his wife and children to find the radio set turned on, tuned and the air full of music.

He was met by the burglar who had his own gun as well as that of Kordecki's.

They struggled and Kordecki got one of the guns. Both opened fire but the intruder escaped, leaving a trail of blood.

Meantime, between shots, the loud speaker poured out melody.

RETURN SUSPECT, IN OMAHA THEFT

Man Believed to be Involved in Fraternity House Robberies Held.

As a result of a roundup by the Omaha police last week in which three members of a gang which is said to have been robbing fraternity houses in that city were taken, Goldie Perham will be brought back from Des Moines on a requisition issued by the governor of Nebraska, to face criminal charges with three other men who were captured before they could get away.

The group of four is accused of burglarizing the Pi Ro Sigma fraternity house at 4120 Dewey avenue, Omaha October 23 last, and getting away with a dozen watches of the members and $19.60 in cash. The fraternity is composed of students attending the university of Omaha. Several other student establishments in that city have also been entered during the past winter.

One of the watches stolen on this occasion has been recovered and the police think they can trace the others. City Detective Robert Munch, who was instrumental in arresting the quartet of suspects, came here to get the requisition papers for Perham. He said that the men under arrest have virtually admitted their guilt.

No connection has been established between the fraternity houses in Omaha and a number of similar episodes which have recently taken place in Lincoln.

Chicago Artist Slays Wife And Then Kills Self

CHICAGO, March 31.—Edmund J. Sedlack, wealthy commercial artist, and his wife, Anna, were found in bed with a bullet hole in the temple of each by their daughter, Dorothy, as she arose yesterday to prepare for the celebration of her eleventh birthday. A revolver clutched in Sedlack's hand, caused police to believe he had shot his wife as she slept, and then killed himself. An eye specialist recently warned him to stop work, lest continued over-work make him blind.

STORE LOOT IS RECOVERED

Merchandise Found in Chicago Raid by Sheriff Condit of Fremont Identified as That Stolen From Uehling Store.

Merchandise to the value of $800, which has been identified as part of that stolen from the Larson Brothers' store at Uehling, Neb., last January 18, has been recovered through the Nebraska Federation of Retailers and Sheriff W. C. Condit of Fremont. Another small quantity of goods thought to have been stolen from other stores in the state, which have been robbed during the past few months, was also recovered.

The goods were found in a raid of a place owned by Ben Rosenfeld, Chicago, it is said by officers. Sheriff Condit obtained information as to the whereabouts of the goods from one of the men arrested a week ago in Omaha. He left Thursday for Chicago and returned Sunday. Roy Larson, proprietor of the store which was robbed, and County Attorney John Gumb, jr., accompanied him.

"Sheriff Condit is entitled to a great deal of credit for the excellent work he has done in recovering goods stolen from Nebraska stores and the arrest of the thieves connected with these robberies," said C. W. Watson, secretary of the federation.

Rosenfeld was arrested and turned over to the Chicago authorities who will bring charges against him, Mr. Watson said. It is believed that information now in the hands of the federation will result in uncovering further activities of an organized gang of thieves thought to be shipping the stolen goods to other members of the ring in other states where they are disposed of.

WALSH PREDICTS A DEMO VICTORY

Montana Senator Hopeful a Well Known Progressive Will Be Nominated.

NEW YORK, March 31.—Nomination of a well known progressive as head of the democratic ticket would mean victory at the polls next November, it was declared by Senator Thomas J. Walsh of Montana, active member of the senate oil committee who was in New York yesterday.

Senator Walsh declined to say whether he would accept the democratic nomination, but insisted he would be well satisfied if the people of Montana would return him to the senate.

Western Freight Classification Hearing May 27

A general hearing on the question of making the western freight classification applicable to all intrastate traffic in Nebraska, as requested by the railroads, will be held by the state railway commission on May 27, starting at 10 a. m. Shippers of all kinds of commodities will be privileged to appear at that time and give their views.

The western classification is now in effect on all interstate shipments, and it also applies on shipments from twelve recognized jobbing centers in Nebraska to other points within the state. Shipments between local points in Nebraska, however, are still governed by a state tariff which differs somewhat from the interstate.

Roof Fire Damages Attic of Home at University Place

The entire roof was burned and considerable damage done to the kitchen and attic at the home of L. A. Covey, 208 West First street, University Place, by fire caused by a defective flue Monday morning shortly before 10 o'clock, according to Assistant Fire Chief Francis Donnelly.

The Lincoln department was called after the University Place company had been fighting the fire, according to Donnelly. Although much damage was done by water the Lincoln firemen used only chemicals, the assistant chief said.

JOHNSON RETURNS.

DETROIT, March 31.—Senator Hiram W. Johnson of California, came back to Michigan today for a final four day speaking campaign to win the preferment of Michigan voters in next Monday's presidential primary election. He spoke at Pontiac.

JUDGE MUNGER IS CONSIDERED FOR CABINET

Lincoln Man Proposed for Attorney General and President Coolidge Making Inquiries to Determine His Availability.

APPOINTED TO BENCH EIGHTEEN YEARS AGO

In Line for Promotion to Circuit Court of Appeals and May Not Be Willing to Give Up Place for Uncertain Tenure of Cabinet Officer.

One of the men whom President Coolidge has in view for the vacant place as attorney general in his cabinet is Judge T. C. Munger of Lincoln, occupant of the federal district bench for Nebraska. Through reliable sources of information it became known Monday that the president has Judge Munger's name on his list and is making inquiries to determine his availability and whether or not he would accept the appointment if tendered.

Leading republicans in Lincoln have been apprised from Washington that the local jurist is being considered for the position vacated Attorney General Daugherty's resignation, and that a favorable impression exists at the national capital regarding his capabilities. A year or more ago, Judge Munger was at Washington and was introduced to President Harding and Vice President Coolidge, at the time an appointment for the federal supreme bench was about to be made.

Among the friends of Judge Munger doubts are entertained as to his willingness to give up his position on the bench and the prospect of future advancement in that line of work for the uncertain tenure of a federal cabinet officer.

For some years past he has been sitting with the circuit court of appeals a large part of the time, which puts him in line for promotion to that tribunal, or to the United States supreme court, when a vacancy occurs. On that account, if for no other reason, he might prefer to remain where he is rather than become attorney general if the were offered the appointment.

It is felt, however, among Judge Munger's legal and personal acquaintances, that in case he should be named and accepted the place he would add strength to the cabinet. He is in the prime of life and has the reputation of thoroughly studying every legal question which he is called upon to decide. As a practitioner in Lincoln before going upon the bench, he was known as an active and vigorous member of the bar.

Judge Munger was appointed to his present position by Theodore Roosevelt eighteen years ago, being the first and only incumbent of the new judgeship created in Nebraska by congressional act at that time. Prior thereto this state had but one judge of the federal court, who was Judge W. H. Munger of Omaha. The latter died about ten years ago, and Judge J. W. Woodrough was named by President Wilson to succeed him.

One of the things that has distinguished Judge T. C. Munger's judicial service is the severe penalties he has imposed on violators of the federal prohibitory laws.

The salary of a federal district judge is $7,500 a year. Cabinet officials are paid $12,000 a year each.

CONTRACTS FOR PAVING AWARDED

Cochran Construction Company Is Given Four of Six New Projects.

Contracts aggregating $33,566.77 for the construction of six paving districts were awarded Monday afternoon at the meeting of the city council. Bids on the work were opened and compared by the city engineer Saturday morning. The Cochran Construction company was given four jobs, the Roberts Construction company one, and the Abel Construction company one.

Commissioner Cowgill recommended that the contract for construction of the sewer on Fourteenth street from K to N street be awarded to Arthur A. Dodson.

Among a number of ordinances, several of which create paving and grading districts, Commissioner Cowgill introduced thirty resolutions providing for the laying of several blocks the sidewalks. These were approved by the council.

The contract and bond of Harry A. Shabin covering the furnishing of mateial for lighting Memorial drive was filed and accepted by the council, as was the bond of the Parks Heating and Plumbing company, for the heating and plumbing in the new Lincoln City hospital.

A resolution offered by Mayor Zehrung authorizing the purchase of a house and lot on Twenty-fourth street near J street, was approved. The purchase of the property is to bring into the park system properties already designated as park ground. There remain two lots to be bought. They face the swimming pool

ASSESSORS START MAKING SCHEDULE

Will be Used as Basis of Taxation for Levies to be Made In 1924.

Smith Instructs County Officers to List Real Estate a Full Actual Value.

Fifteen hundred county and local assessors of Nebraska will start Tuesday morning on the annual task of making up property schedules which will be used as the basis of taxation for levies to be made in 1924 by the state and its various subdivisions. In addition to listing and appraising all kinds of personal property, the assessors will also be called upon to value real estate, this being done veery two years, under the state law.

In the rural districts, each assessor is charged with the further duty of receiving applications from farmers for state hail insurance on grain crops. For this he may charge a fee of $1 on each application and collect it from the person owning or occupying the land. Applications are sent by the assessor to the county clerk, who issues the policies and mails them direct to the persons desiring insurance.

A farmer may pay the premium when making his application, or he may give a bank order payable not later than June 1. It is the county clerk's duty to collect all such orders when they fall due. In rare instances, the person signing the order fails to pay, after he has had two months' insurance.

Hail insurance rates vary from 2 per cent in the eastern most counties of the state to 7 per cent in those farthest west, being graduated through a series of zones. An additional 2 per cent is charged on rye and barley, owing to the longer period of risk.

$83,000 Paid In Losses.

The state hail insurance fund last year paid 88 per cent of its adjusted losses. In 1922, the percentage paid was 94. Collections last year amounted to $82,000, and another $6,000 came in as belated payments from the preceding season, so that more than $83,000 was paid in losses and $4,600 went for administrative expense.

In his instructions to assessors, State Tax Commissioner has emphasized that real estate, both farm lands and town lots, should be listed at "full actual value." This is intended to forestall any legal attack which the railroads may later attempt in the courts, on the theory that real estate is not assessed and taxed on what it is really worth.

The tax commissioner also directed the assessors to list personal property at its "actual value as found in the ordinary course of trade." He insists on household goods being itemized according to the blank form, and not lumped, as has been the custom with many assessors heretofore.

Postoffice equipment privately owned is included as a separate item this year for the first time. In many of the smaller cities and villages this class of property has not been assessed in the past.

Tractors and threshing machines have been taken out of the farm machinery column and are now listed by themselves as special classes of personal property.

OLD MAN WINTER STAGES COMEBACK

Norfolk Is Coldest Spot in Nebraska With Temperature of 3 Below.

Old Man Winter staged a comeback and ushered out the month of March with a bit of his best goods. Extremely low temperatures for this season of the year prevailed Sunday night. Norfolk, Neb., reported the lowest temperature recorded in the state. The mercury there dropped to 3 below zero. Twelve above was the low point recorded in Lincoln.

3 Below at Norfolk.

NORFOLK, Neb., March 31.(A. P.) —With the mercury at 3 below zero, Norfolk experienced the coldest weather ever recorded the last day of March in the nearly thirty years weather statistics have been kept here. The nearest approach to this morning's temperature was in 1899 when 8 above was recorded.

Over Three States.

OMAHA, March 31.—(A. P.)—Nebraska, western Iowa and South Dakota were today experiencing weather unusually cold for this time of the year, the United States weather bureau here reported.

Zero at Pierre, S. D., 2 above at Huron, 8 above above at Sioux City, Ia., and 10 above at Valentine, Neb., were some of the low temperatures reported.

SENTENCE PREMIER.

LEIPZIG, Germany, March 31. — Premier Zeigner of Saxony, has been sentenced to three years imprisonment "with loss of honor" for selling pardons. An accomplice, Herr Moebius, received a two year sentence, also "with loss of honor."

The committee's immediate objective when it resumes hearings tomorrow, will be to clear up the facts as to the department of justice's prosecutions of war frauds and anti-trust cases.

When news was received of Judge Garvin's order in New York for Means' arrest, the committee took up the subject in executive session.

"This is an apparent attempt on the part of H. C. Todd, the special assistant to the attorney general in charge of Means' prosecution, to block this investigation," said Senator Wheeler.

Arrest Is Ordered.

NEW YORK, March 31.—Federal Judge Garvin today ordered a bench warrant issued for the arrest of Gaston B. Means, former agent of the department of justice, who is under indictment for conspiracy to violate the Volstead law and whose trial was to have begun here today.

Mellon Defenders Active.

WASHINGTON, March 31.—The attack in the senate on Secretary Mellon which opened Friday when Senator McKellar, democrat, Tennessee, introduced a resolution calling for an investigation of Mr. Mellon's legal right to hol doffice, met resistance today from organization republicans.

Senator Reed, republican, Pennsylvania, informed the senate that the legal questions raised by the resolution had been considered fully before Mr. Mellon accepted the cabinet post.

Mr. Mellon had been advised of the old statute prohibiting a treasury secretary from engaging in trade or commerce, Senator Reed said, and had endeavored to evade cabinet service on the strength of these restrictions.

The late Senator Knox of Pennsylvania, a former attorney general and secretary of state, was consulted and had the law examined by a firm of Washington lawyers, who, on January 25, 1921, gave an an opion that there was "nothing in the ownership of stock in various corporations to disqualify Mr. Mellon from holding the office of secretary the treasury."

This opinion, at the request of, Senator Overman, democrat, North Carolina, was read in the senate.

Memorial Service Postponed Until Sunday, April 13

Announcement has been made by Mrs. W. T. Staver, chairman of the Red Cross committee of the Lincoln Woman's club, that the date of the memorial drive service in Antelope park has been changed to Sunday, April 13, in the hope that weather conditions will be more favorable. There will be no change in the program because of the postponement.

Repair Damage Done By Storm

ST. PAUL, Minn., March 31.—Work of clearing highways and restoring communication, crippled by the blizzard in the northwest was under way today.

Telephone and telegraph companies sent out large crews to repair lines torn down when several thousand poles were snapped off by sleet and gale.

BROKERS CLOSE DOORS.

DES MOINES, March 31.—Harper and Sons, local brokers, closed their doors today. Officers of the company declined to make any comment.

DILL DEMANDS RESIGNATION IN A RESOLUTION

Washington Senator Asks Coolidge To Act As Result of Connections In Leasing of Oil Reserves.

(International News Service.)

WASHINGTON, March 31.—A resolution demanding that President Coolidge immediately request the resignation of Assistant Secretary of the Navy Roosevelt because of his connections with the leasing of naval oil reserves was introduced in the senate this afternoon by Senator Dill, democrat of Washington.

Dill recited Roosevelt's former employment by Sinclair Oil interests and his action in ordering marines to drive oil claimants off Teapot Dome as the chief reason why he should be removed from his post.

"I think Colonel Roosevelt is more involved in these leases of naval oil reserves than ex-Secretary of the Navy Denby ever was," Dill declared.

"Roosevelt carried the order to the late President Harding transferring the naval reserves from the navy to the interior department and was acting secretary of the navy when marines were ordered to throw off all oil claimants on Teapot Dome. The procedure should have been gone into by the courts and not by the outrageous use of the military forces of the country. His relationship with the oil lease said Harry F. Sinclair, lessee of Teapot Dome, makes him unfit for the high office he holds.

"When Denby went, Roosevelt should have gone."

To Begin Campaign.

Dill is leaving late for Pontia, Mich., where tomorrow night he will make the opening speech in his campaign to oust Roosevelt from office.

The resolution follows:

"That, whereas Theodore Roosevelt, the assistant secretary of the navy was a director of the Sinclair oil company previous to his entrance into the government service.

"Whereas, he carried the executive order to the white house for the president to sign, which order transferred the control of the navy oil reserves from the secretary of the navy to the secretary of the interior.

"And, whereas, in the absence of Secretary Denby in July, last year, ordered marines to remove all oil claimants from the naval reserve, number 3 and thereby made an outrageous use of the armed forces of the United States government to perform acts which should have been performed only by civil officers on the order of a court after due hearing of all facts in the case.

"Now, therefore, be it resolved that it is the sense of the senate that the president should be and he is hereby requested to ask for the resignation of Mr. Theodore Roosevelt as assistant secretary of the navy."

UNIONS ENDORSE GOVERNOR BRYAN

Farmers and Shopmen Also Recommend Re-election of Morehead.

Endorsement of Charles W. Bryan for governor was made by representatives of the Havelock local federation, railroad shop crafts, Farmers Unions and Federated Farm Bureau at ta meeting held at Havelock Saturday evening. Congressman John Morehead was endorsed for re-election as congressman from the First district; W. C. Parriot for judge of the supreme court; W. F. Dale for the state senate; and I. W. Jacoby for state representative from the Thirty-first district. The action taken by the conference for progressive political action was approved.

The delegate to the state conference of the federation was instructed to work for Bryan for governor.

FLOOD WATERS DROP SLOWLY; THIRTEEN DEAD

Eight Lose Lives in Western Pennsylvania and Five In Maryland When Rivers Overflow Banks — Total Damage Large.

(Associated Press.)

PITTSBURGH, Pa., March 31.—Flood waters of the Monongahela and Allegheny rivers, swollen by rains and melted snow from the mountain regions of western Pennsylvania and West Virginia, were sweeping eastward through the Ohio valley today. A stage of 41 feet was expected by noon at Wheeling, which would submerge the district fronting the river bank.

Streets in most of the Pittsburgh district bordering the rivers were inundated, some to a depth of six or seven feet, Sunday, when both the rivers left their channels. A stage of 29.2 feet ,seven feet above the flood stage, was recorded, the highest in eleven years.

Much damage was done to industrial plants and many operations will be suspended until repairs are made. The flood waters were receding today.

Railroad transportation was greatly affected but service was being slowly restored.

Eight deaths in western Pennsylvania were attributed to the flood. Five others occurred at Kitzmiller, Md., when an entire family was swept down the Potomac river.

WASHINGTON, March 31.—A relief organization similar to the one used effectively during the Dayton flood, has been set up by the Red Cross ready for instant action at any one of the several danger points.

Work of Community Chest Is Endorsed by City's Churches

The Lincoln Council of Churches, at a special meeting Monday morning, during which the discussion turned to the work of the Community Chest, unanimously voted the following expression:

"The Lincoln Council of Churches desires to express to the Community Chest committee full appreciation of the very fine work thus far accomplished and to give assurance of our continued interest and largest co-operation in the completion of the task of raising funds necessary for the thirteen societies, represented by the chest, engaged in the welfare and charity work of this city.

Sincerely,
"M. A. HYDE,
"President."

NORBECK HAS A NEW CHARGE

South Dakota United States Senator Claims Federal Workers Being Employed at "Elaborate Headquarters of Coolidge Managers.

CHALLENGES THE DENIAL OF WILLIAM M. BUTLER

Renews Claims of Lavish Use Of Money In Dakota Contest and Declares Statement of Coolidge Management Partially Untrue.

(Associated Press.)

CHICAGO, March 31.— Charges that "there was much more evidence of lavishness in the Coolidge primary campaign in South Dakota than was noted in the Wood and Lowden campaigns in that state in 1920, when criticism of expenses resulted in a senate inquiry into campaign funds were made today in a telegram from United States Senator Peter Norbeck, a leader in the Johnson campaign.

The telegram also charged employment of federal workers in the "elaborate headquarters" of the Coolidge managers.

Senator Norbeck pledged to the Johnson Candidacy, was elected as a delegate-at-large to the national convention in the primary last week.

The telegram, challenging the denial of William B. Butler, national director of the Coolidge forces, that excessive amounts were expended in South Dakota was dated at Redfield, March 29. It read:

"The statement of the Coolidge management as to their expenses in South Dakota is untrue in many respects.

"They spent about $15,000 in advertising alone during the last week, misrepresenting Hiram Johnson's record. During this period the Johnson committee spent only $300 for advertising.

Many Paid Workers.

"Paid Coolidge organizers were numerous in trains and hotels. Paid workers were much in evidence on the street corners of our villages and towns.

"Checks were sent into the smallest villages by the Coolidge organization with instruction to draw for more if needed. A daily newspaper was established in the state capital to champion the Coolidge cause. There was a large army of South Dakota men and women on their payrolls. They maintained elaborate headquarters under the direction of

Burglar of Chicago Risks Capture For A Radio Program

CHICAGO, March 31.— Gun duel, wounds and frowning prison bars—what are these when a radio fan stands before a good receiving set and feels that competing urge to tune in and find what's "on the air." Chicago's radio burglar risked all for a good broadcasting program.

Charles Kordecki, deputy bailiff of Municipal court, returned from the movies with his wife and children to find the radio set turned on, tuned and the air full of music.

He was met by the burglar who had his own gun as well as that of Kordecki's.

They struggled and Kordecki got one of the guns. Both opened fire but the intruder escaped, leaving a trail of blood.

Meantime, between shots, the loud speaker poured out melody.

RETURN SUSPECT, IN OMAHA THEFT

Man Believed to be Involved in Fraternity House Robberies Held.

As a result of a roundup by the Omaha police last week in which three members of a gang which is said to have been robbing fraternity houses in that city were taken, Goldie Perham will be brought back from Des Moines on a requisition issued by the governor of Nebraska, to face criminal charges with three other men who were captured before they could get away.

The group of four is accused of burglarizing the Pi Ro Sigma fraternity house at 4120 Dewey avenue, Omaha October 23 last, and getting away with a dozen watches of the members and $19.50 in cash. The fraternity is composed of students attending the university of Omaha. Several other student establishments in that city have also been entered during the past winter.

One of the watches stolen on this occasion has been recovered and the police think they can trace the others. City Detective Robert Munch, who was instrumental in arresting the quartet of suspects, came here to get the requisition papers for Perham. He said that the men under arrest have virtually admitted their guilt.

No connection ha sbeen established between the Omaha robberies and fraternity houses in Omaha and a number of similar episodes which have recently taken place in Lincoln.

Chicago Artist Slays Wife And Then Kills Self

CHICAGO, March 31.—Edmund J. Sedlack, wealthy commercial artist, and his wife, Anna, were found in bed with a bullet hole in the temple of each by their daughter, Dorothy, as she arose yesterday to prepare for the celebration of her eleventh birthday. A revolver clutched in Sedlack's hand, caused police to believe he had shot his wife as she slept, and then killed himself. An eye specialist recently warned him to stop work, lest continued over-work make him blind.

STORE LOOT IS RECOVERED

Merchandise Found in Chicago Raid by Sheriff Condit of Fremont Identified as That Stolen From Uehling Store.

Merchandise to the value of $800, which has been identified as part of that stolen from the Larson Brothers' store at Uehling, Neb., last January 18, has been recovered through the Nebraska Federation of Retailers and Sheriff W. C. Condit of Fremont. Another small quantity of goods thought to have been stolen from other stores in the state, which have been robbed during the past few months, was also recovered.

The goods were found in a raid of a place owned by Ben Rosenfield, Chicago, it is said by officers. Sheriff Condit obtained information as to the whereabouts of the goods from one of the men arrested a week ago in Omaha. He left Thursday for Chicago and returned Sunday. Roy Larson, proprietor of the store which was robbed, and County Attorney John Gumb, jr., accompanied him.

"Sheriff Condit is entitled to a great deal of credit for the excellent work he has done in recovering goods stolen from Nebraska stores and the arrest of the thieves connected with these robberies," said C. W. Watson, secretary of the federation.

Rosenfeld was arrested and turned over to the Chicago authorities who will bring charges against him, Mr. Watson said. It is believed that information now in the hands of the federation will result in uncovering further activities of an organized gang of thieves thought to be shipping the stolen goods to other members of the ring in other states where they are disposed of.

WALSH PREDICTS A DEMO VICTORY

Montana Senator Hopeful a Well Known Progressive Will Be Nominated.

NEW YORK, March 31.—Nomination of a well known progressive as head of the democratic ticket would mean victory at the polls next November, it was declared by Senator Thomas J. Walsh of Montana, active member of the senate oil committee who was in New York yesterday.

Senator Walsh declined to say whether he would accept the democratic nomination, but insisted he would be well satisfied if the people of Montana would return him to the senate.

Western Freight Classification Hearing May 27

A general hearing on the question of making the western freight classification applicable to all intrastate traffic in Nebraska, as requested by the railroads, will be held by the state railway commission on May 27, starting at 10 a. m. Shippers of all kinds of commodities will be privileged to appear at that time and give their views.

The western classification is now in effect on all interstate shipments, and it also applies on shipments from twelve recognized jobbing centers in Nebraska to other points within the state. Shipments between local points in Nebraska, however, are still governed by a state tariff which differs somewhat from the interstate.

Roof Fire Damages Attic of Home at University Place

The entire roof was burned and considerable damage done to the kitchen and attic at the home of L. A. Corey, 208 West First street, University Place, by fire caused by a defective flue Monday morning shortly before 10 o'clock, according to Assistant Fire Chief Francis Donnelly.

The Lincoln department was called after the University Place company had been fighting the fire, according to Donnelly. Although much damage was done by water the Lincoln firemen used only chemicals, the assistant chief said.

JOHNSON RETURNS.

DETROIT, March 31.—Senator Hiram W. Johnson of California, came back to Michigan today for a final four day speaking campaign to win the preferment of Michigan voters in next Monday's presidential primary election. He spoke at Pontiac.

JUDGE MUNGER IS CONSIDERED FOR CABINET

Lincoln Man Proposed for Attorney General and President Coolidge Making Inquiries to Determine His Availability.

APPOINTED TO BENCH EIGHTEEN YEARS AGO

In Line for Promotion to Circuit Court of Appeals and May Not Be Willing to Give Up Place for Uncertain Tenure of Cabinet Officer.

One of the men whom President Coolidge has in view for the vacant place as attorney general in his cabinet is Judge T. C. Munger of Lincoln, occupant of the federal district bench for Nebraska. Through reliable sources of information it became known Monday that the president has Judge Munger's name on his list and is making inquiries to determine his availability and whether or not he would accept the appointment if tendered.

Leading republicans in Lincoln have been apprised from Washington that the local jurist is being considered for the position vacated Attorney General Daugherty's resignation, and that a favorable impression exists at the national capital regarding his capabilities. A year or more ago, Judge Munger was at Washington and was introduced to President Harding and Vice President Coolidge, at the time an appointment for the federal supreme bench was about to be made.

Among the friends of Judge Munger doubts are entertained as to his willingness to give up his position on the bench and the prospect of future advancement in that line of work for the uncertain tenure of a federal cabinet officer.

For some years past he has been sitting with the circuit court of appeals a large part of the time, which puts him in line for promotion to that tribunal, or to the United States supreme court, when a vacancy occurs. On that account, if for no other reason, he might prefer to remain where he is rather than become attorney general if he were offered the appointment.

It is felt, however, among Judge Munger's legal and personal acquaintances, that in case he should be named and accepted the place he would add strength to the cabinet. He is in the prime of life and has the reputation of thoroughly studying every legal question which he is called upon to decide. As a practitioner in Lincoln before going upon the bench, he was known as an active and vigorous member of the bar.

Judge Munger was appointed to his present position by Theodore Roosevelt eighteen years ago, being the first and only incumbent of the new judgeship created in Nebraska by congressional act at that time. Prior thereto, this state had but one judge of the federal court, who was Judge W. H. Munger of Omaha. The latter died about ten years ago, and Judge J. W. Woodrough was named by President Wilson to succeed him.

One of the things that has distinguished Judge T. C. Munger's judicial service is the severe penalties he has imposed on violators of the federal prohibitory laws.

The salary of a federal district judge is $7,500 a year. Cabinet officials are paid $12,000 a year each.

CONTRACTS FOR PAVING AWARDED

Cochran Construction Company Is Given Four of Six New Projects.

Contracts aggregating $33,566.77 for the construction of six paving districts were awarded Monday afternoon at the meeting of the city council. Bids on the work were opened and compared by the city engineer Saturday morning. The Cochran Construction company was given four jobs, the Roberts Construction company one, and the Abel Construction company one.

Commissioner Cowgill recommended that the contract for construction of the sewer on Fourteenth street from K to N street be awarded to Arthur A. Dodson.

Among a number of ordinances, several of which create paving and grading districts, Commissioner Cowgill introduced thirty resolutions providing for the laying of several blocks the sidewalks. These were approved by the council.

The contract and bond of Harry A. Shabin covering the furnishing of mateial for lighting Memorial drive was filed and accepted by the council, as was the bond of the Parks Heating and Plumbing company, for the heating and plumbing in the new Lincoln City hospital.

A resolution offered by Mayor Zehrung authorizing the purchase of a house and lot on Twenty-fourth street near J street, was approved. The purchase of the property is to bring into the park system properties already designated as park ground. There remain two lots to be bought. They face the swimming pool.

Reports Half a Million Rodents In Newark, N. J.

NEWARK, N. J., March 31. H. J. Pitts of Buffalo, modern Pied Piper, hired by the city to clean up the Newark rodent underworld, says there are 500,000 rats in town. Pitts doesn't reveal how he takes a rat census, but he has started a poison campaign.

ASSESSORS START MAKING SCHEDULE

Will be Used as Basis of Taxation for Levies to be Made In 1924.

Smith Instructs County Officers to List Real Estate a Full Actual Value.

Fifteen hundred county and local assessors of Nebraska will start Tuesday morning on the annual task of making up property schedules which will be used as the basis of taxation for levies to be made in 1924 by the state and its various subdivisions. In addition to listing and appraising all kinds of personal property, the assessors will also be called upon to value real estate, this being done veery two years, under the state law.

In the rural districts, each assessor is charged with the further duty of receiving applications from farmers for state hail insurance on grain crops. For this he may charge a fee of $1 on each application and collect it from the person owning or occupying the land. Applications are sent by the assessor to the county clerk, who issues the policies and mails them direct to the persons desiring insurance.

A farmer may pay the premium when making his application, or he may give a bank order payable not later than June 1. It is the county clerk's duty to collect all such orders when they fall due. In rare instances, the person signing the order fails to pay, after he has had two months' insurance.

Hail insurance rates vary from 2 per cent in the eastern-most counties of the state to 7 per cent in those farthest west, being graduated through a series of zones. An additional 2 per cent is charged on rye and barley, owing to the longer period of risk.

$83,000 Paid In Losses.

The state hail insurance fund last year paid 88 per cent of its adjusted losses. In 1922, the percentage paid was 94. Collections last year amounted to $82,000, and another $6,000 came in as belated payments from the preceding season, so that more than $83,000 was paid in losses and $4,600 went for administrative expense.

In his instructions to assessors, State Tax Commissioner has emphasized that real estate, both farm lands and town lots, should be listed at "full actual value." This is intended to forestall any legal attack which the railroads may later attempt in the courts, on the theory that real estate is not assessed and taxed on what it is really worth.

The tax commissioner also directed the assessors to list personal property at its "actual value as found in the ordinary course of trade." He insists on household goods being itemized according to the blank form, and not lumped, as has been the custom with many assessors heretofore.

Postoffice equipment privately owned is included as a separate item this year for the first time. In many of the smalle rcities and villages this class of property has not been assessed in the past.

Tractors and threshing machines have been taken out of the farm machinery column and are now listed by themselves as special classes of personal property.

OLD MAN WINTER STAGES COMEBACK

Norfolk Is Coldest Spot in Nebraska With Temperature of 3 Below.

Old Man Winter staged a comeback and ushered out the month of March with a bit of his best goods. Extremely low temperatures for this season of the year prevailed Sunday night. Norfolk, Neb., reported the lowest temperature recorded in the state. The mercury there dropped to 3 below zero. Twelve above was the low point recorded in Lincoln.

3 Below at Norfolk.

NORFOLK, Neb., March 31.(A. P.)—With the mercury at 3 below zero, Norfolk experienced the coldest weather ever recorded the last day of March in the nearly thirty years weather statistics have been kept here. The nearest approach to this morning's temperature was in 1899 when 8 above was recorded.

Over Three States.

OMAHA, March 31.—(A. P.)—Nebraska, western Iowa and South Dakota were today experiencing weather unusually cold for this time of the year, the United States weather bureau here reported.

Zero at Pierre, S. D., 2 above at Huron, 8 above above at Sioux City, Ia., and 10 above at Valentine, Neb., were some of the low temperatures reported.

SENTENCE PREMIER.

LEIPZIG, Germany, March 31. — Premier Zeigner of Saxony, has been sentenced to three years imprisonment "with loss of honor for selling pardons. An accomplice, Herr Moebius, received a two year sentence, also "with loss of honor."

The committee's immediate objective when it resumes hearings tomorrow, will be to clear up the facts as to the department of justice's prosecutions of war frauds and anti-trust cases.

When news was received of Judge Garvin's order in New York for Means' arrest, the committee took up the subject in executive session.

"This is an apparent attempt on the part of H. C. Todd, the special assistant to the attorney general in charge of Means' prosecution, to block this investigation," said Senator Wheeler.

Arrest Is Ordered.

NEW YORK, March 31.—Federal Judge Garvin today ordered a bench warrant issued for the arrest of Gaston B. Means, former agent of the department of justice, who is under indictment for conspiracy to violate the Volstead law and whose trial was to have begun here today.

Mellon Defenders Active.

WASHINGTON, March 31.—The attack in the senate on Secretary Mellon which opened Friday when Senator McKellar, democrat, Tennessee, introduced a resolution calling for an investigation of Mr. Mellon's legal right to hol doffice, met resistance today from organization republicans.

Senator Reed, republican, Pennsylvania, informed the senate that the legal questions raised by the resolution had been considered fully before Mr. Mellon accepted the cabinet post.

Mr. Mellon had been advised of the old statute prohibiting a treasury secretary from engaging in trade or commerce, Senator Reed said, and had endeavored to evade cabinet service on the strength of these restrictions.

The late Senator Knox of Pennsylvania, a former attorney general and secretary of state, was consulted and had the law examined by a firm of Washington lawyers, who, on January 25, 1921, gave an opion that there was "nothing in the ownership of stock in various corporations to disqualify Mr. Mellon from holding the office of secretary the treasury."

This opinion, at the request of Senator Overman, democrat, North Carolina, was read in the senate.

Memorial Service Postponed Until Sunday, April 13

Announcement has been made by Mrs. W. T. Staver, chairman of the Red Cross committee of the Lincoln Woman's club, that the date of the memorial drive service in Antelope park has been changed to Sunday, April 13, in the hope that weather conditions will be more favorable. There will be no change in the program because of the postponement.

Repair Damage Done By Storm

ST. PAUL, Minn., March 31.—Work of clearing highways and restoring communication, crippled by the blizzard in the northwest was under way today.

Telephone and telegraph companies sent out large crews to repair lines torn down when several thousand poles were snapped off by sleet and gale.

BROKERS CLOSE DOORS.

DES MOINES, March 31.—Harper and Sons, local brokers, closed their doors today. Officers of the company declined to make any comment.

SACRIFICED ALL FOR SAKE OF MAN

Grandfather Tells Story of Girl Wife's Tragic Romance.

Elizabeth Justis Left Motherless When But Ten Years Old.

(Special to The Star.)

COLUMBUS, Neb., March 31. — How a woman will cling to the man she loves even if it costs her the severing of home ties is revealed in a letter which gives a glimpse into the romance of Mrs. Elizabeth Justis, 19, who committed suicide here leaving a motherless babe and a husband who is serving time in the Missouri state prison.

The letter is to Henry Gass jr., of the Gass Undertaking company from the woman's grandfather, A. M. Cowdrey, Agra, Kansas, and gives the first sketch of the girl's life. It follows:

"To Whom It May Concern: I am the grandfather of Elizabeth Justis who died in Columbus, Neb., March 18, 1924. Her father lives in California and her mother is dead. She died when Elizabeth was 10 years old and left four children who have made their homes with their grandfathers and grandmothers. Elizabeth met Justis when she was 15 years old and married him. It turned out he had a wife and three children from whom he claimed he had a divorce. Justis got in trouble. Elizabeth came home. As soon as he got out of jail she insisted on going with him again. When the child was born she came home and we did the best by her that we could while she continued to make her home with us. But she went with Justis to live on a farm and work for a man at Smith Center, Kansas. From there they went to Nebraska. At the time of her death I was unable to pay all of her funeral expenses and all of her last sickness expenses. Her father had not given her any support lately and we understand he is unable to do so. I am 74 years old and my wife is about the same age. We are sorry and only wish that he could correct many mistakes made by us and by our granddaughter, but we are old people and have lived here for 35 years and our neighbors are all our friends and know all our troubles. I would like to have this published as it is the true condition as we know it. We know little of what Elizabeth's life was after she left us and she wrote us so seldom.

Arrest Osburn On Charge of Theft

(Special to The Star.)

KEARNEY, Neb., March 31.— The arrest of Jack Osburn, charged with theft, reads like the scenario of a movie comedy. Unraveling of a sweater which he wore, leaving portions of the thread behind him when he crawled through a window at the Randall filling station at Gibbon, resulted in his apprehension. Candies and tobacco only were missing from the place. Osburn also gave a number of worthless checks to business men of Gibbon it is alleged. He confessed to the filling station burglary and is being held here pending trial.

Park At Columbus To Be Developed

(Special to The Star.)

COLUMBUS, Neb., March 31.—W. J. Billerbeck, who came to Humphrey last fall as a landscape artist for the Humphrey nurseries, will probably be employed by the city council here to prepare the landscape plans and specifications for the new municipal park, a site for which was purchased by the aldermen last fall. The new park is located in the Loup river bottoms southwest of the city.

Lydia Weitzel Is Best Declaimer

(Special to The Star.)

HARVARD, Neb., March 31. — Lydia Weitzel, a senior in the local high school won first prize in the annual declamatory contest speaking "Hand Car No. 412," in the high school auditorium, Friday night. Ruth Anderson, a sophomore, won second with "Chief Operator." Both were included in the twelve contestants in the dramatic division, there being but one oratorical and one humorous contestant entered. A medal was presented, by Supt. H. A. Smith, to the winner, who will enter the sectional contest at Bradshaw with Frederick North, extemporaneous speaker. About two hundred attended the local contest.

BELATED ADMINISTRATION.

(Special to The Star.)

COLUMBUS, Neb., March 30 — Nearly 25 years after the death of Mrs. Catherine Scheidel, which occurred in 1899 a son, Henry Scheidel, has petitioned County Judge John Gibbon to enter a decree giving the heirs legal title to her estate.

VALUATION UNCHANGED.

(Special to The Star.)

COLUMBUS, Neb., March 31—Real estate valuations entered on the assessment books in Platte county this spring will be unchanged when compared to last year's figures. The average assessed value of farm land will be between $98 and $99 an acre according to County Assessor Shell Clark.

GOES TO EASTERN SCHOOL.

WYMORE, Neb., March 31—Miss Louise Shields, daughter of Burlington locomotive engineer James Shields of Wymore, who has been attending the Iowa state college, at Ames for the past two years, left Sunday for Detroit, Mich. to attend the Merrill Palmer school. The regular attendance at this school is about 20. The work is said to deal principally with child psychology and nutrition. Miss Shields expects to take a year's training at the Palmer school.

Lexington Wins In Three Debates

(Special to The Star.)

LEXINGTON, Neb., March 31.—In the series of debates by the high school debating leagues on the immigration question the Lexington high school debating team under the tutelage of Mrs. Henry Wehr, and composed of Kennth Smith, Meta Lantz, and Bernard Hoffreiter have won the last three debates from Callaway, North Platte and Kearney, having upheld the affirmative. Next week they will debate with Cozad on this question. Much interest is being taken by the townspeople as well as the team itself.

Juniors Entertain Graduating Class

(Special to The Star.)

FRANKLIN, Neb., March 31.—The annual junior senior banquet of the Franklin high school was held at the Lincoln hotel, Friday evening at which the seniors, 17 in all, were delightfully entertained by a class of 40 juniors. The faculty, R. W. Kretsinger, Lola Lohr, Leona Sparks, Miss Alber, Miss Huff, Miss McGrew and Mr. Fuller, were also present.

Mr. Trump of Table Rock, elected as superintendent for the coming years, was a guest.

MONTANA SOLON ANSWERS ATTACK

Daugherty Prosecutor Says Montana People Repudiated Charges by 20,000 Votes.

Produces Letter From Federal Judge To Back Up Defense Against Accusations.

(Associated Press.)

WASHINGTON, March 31.—Senator Wheeler, democrat, Montana, the "prosecutor" in the Daugherty investigation replied yesterday to charges made against him by the republican national committee news bureau by saying the people of Montana "repudiated these stories by a majority of more than 20,000 at the last election."

The statement of the Montana senator was brought out by a detailed attack on him issued last week by the news bureau under the caption of "what everybody should know about Senator Wheeler and his Montana gang." The attack was to the effect that while Senator Wheeler was United States attorney for Montana "the state became the hot bed of treason and sedition, the leaders in the treasonable and sedious movement being friends of Wheeler and that he refused to interfere."

"Evrybody knows," said Senator Wheeler's statement, "what the story was put out for, and everybody in Montana knows that the charges are absolutely false. The people of Montana repudiated these stories and the authors of them by a majority of more than 20,000 votes at the last election."

Persons convicted under his regime as district attorney, "includnig two ex-attorneys general of the state charged with tampering with a jury" and their friends, the statement continued, sought to accuse him, "when the war hysteria was at its height, with a neglect of duty." A "complete refutation" of the charges, he said, was made by Federal Judge Bourquin of the Montana district, in a letter dated November 2, 1922.

Letter Is Received.

"I regret to hear there is a revival of the unfounded charges that while United States attorney you refused to prosecute persons guilty of sedition," Judge Bourquin's letter, as given by Senator Wheeler, read. "The truth is evidence by the records of the court. You prosecuted many charged with that offense, most of whom, with no reproach to you, were not indicted by the grand jury or were found not guilty either by direction of the court or the will of the trial jury. The times were favorable to loose, unfounded and trivial charges of that character.

"A competent prosecutor always will refuse to conduct such prosecutions, refuse to prosecute and so far as you did so, it was with the sanction, approval and suggestion of the court, in furtherance of sound public policy."

Judge Bourquin said he made his statement "with no object but simple justice to an honest, able and diligent prosecutor in a most trying period of our country's history."

NEW AVALANCHES.

AMALFI, Italy, March 31.—Inhabitants of the village of Pontone fled in the nick of time Saturday as two frosh avalanches bore down upon the town. Children from the orphan asylum were rescued just before a slide of rock, mud, trees and debris thundered about the building.

STRONG PROTEST AGAINST PACIFIST IN NORTHWESTERN

Move Initiated By "Original 38" Frowned On At Student Mass Meeting.

University Head Says Men Should Risk All In Defense of the Nation.

(Associated Press.)

CHICAGO, March 31.—The emphatic answer of the Northwestern university to organized pacifist activity during the past three weeks, which has provoked an ever widening storm of protest from both students and citizens of the university city, was given yesterday in unmistakable terms.

"The attitude of the university towards war is that we should risk all in the defense of our nation," Walter Dill Scott, president, declared before a community patriotic meeting under the joint auspices of the university and the Evanston post of the American Legion. More than 3,000 students and residents of the city greeted the president's statement with wild approval. Time and again as he attempted to continue his address, swells of cheering and hand clapping voiced the community attitude toward "the original 38," the student group which two weeks ago climaxed months' of underground activity on the campus by signing formal pledges never again to take arms, no matter how sacred the cause.

David Williams, a leader in the extremist group at the institution was dismissed from the university yesterday.

Simultaneously with the meeting in the gymnasium, Dr. Ernest Freemont Tittle, pastor of the First Methodist church of Evanston, where Brent Dow Ellison, notorious war time conscientious objector, addressed the Epworth league, issued a public apology for the incident.

Denies Responsibility.

Denying that his church was responsible for the pacifist doctrines expressed by Allison, or for the demonstration that followed, Dr. Little pointed to his service overseas with the Y. M. C. A., during the war, although exempt from service because a pastor, over the draft age and the father of a family.

"People who know this church," he declared, "know that it is as patriotic an organization as there is in any city. People who know me know that I love my country as only a man can who has risked his life for her."

"Had I known the facts then as I know them now," he said "the invitation to Allison would not have been extended."

A telegram from the white house added to the enthusiasm. "The president asks me eo express his deep interest and complete sympathy," said a message from Secretary Slemp, "with the purpose of Northwestern university and the American Legion mass meeting which you are holding with the intent of giving utterance to a patriotic expression of devotion to America.

"The flag, as the symbol of our best and deepest national sentiment, must always be assured the respect and devotion of whoever presumes to be worthy of the privilege of American citizenship."

Investments Of United States Big In Latin America

WASHINGTON, March 31.—Citizens of the United States have almost four billion dollars invested in Latin America, the department of commerce said last night in announcing the completion of the first of a series of studies of Central and South American countries.

The investment includes $610,000,000 in public securities and $3,150,000,000 in industries.

"Our great interest in Latin-America is largely a growth of the past ten years" the department said. "Latin-America, prior to 1904, was terra incognita to many Americans; now manufacturers and merchants, farmers, bankers, investors and ship owners are all looking for information on Latin American affairs."

Auto Blaze Is Extinguished By Chancellor Avery

Chancellor Samuel Avery Sunday evening extinguished a small blaze in the front side pocket of his Essex sedan by turning a stream of water from a small garden hose on the fire. The dan age is estimated at $25.

The fire was discovered shortly before 7 p m., when he was about to start for evening church services. Rolling the car out of the garage the chancellor turned the water on the fire and extinguished it almost by the time the fire department arrived.

The blaze was probably caused when some matches left in the pocket of the car from a camping trip last summer, were ignited when the door was slammed, and in turn set fire to a strip of celluloid.

An Epoch in Elk History

Lincoln Lodge No. 80 to Take Over the City

Elks to the right of us, Elks to the left of us, Elks in front of us, Elks in back of us—that's Lincoln today. Elks antlered and unantlered, Elks with old antlers and Baby Elks that will find theirs today, Elks mighty and meek, large and small, tall and short—but all Elks, and all flying the purple and white of the Benevolent and Protective Order of Elks.

The largest class ever initiated in the history of the local lodge of Elks is to be instructed into the mysteries of the order today. Approximately 150 Baby Elks are to have their antlers adjusted at the City auditorium this afternoon by those experienced in the ways of B. P. O. E. Many visiting Elks came this morning for the affair, Omaha sending an especially large delegation to the affair.

The events will begin with a parade this afternoon, headed by the brilliantly uniformed band of Lincoln lodge No. 80, the officers of the organization, candidates decorated to show their neophytic state, and local and visiting members. After the parade, the ritualistic work will be exemplified at the auditorium. This ceremony will be followed by a banquet at the Scottish Rite temple. Upon the return to the auditorium later, the second part of the initiation will be staged, together with a comedy sketch, "A Stranger in Our Midst."

Mayor Frank C. Zehrung, first exalted ruler of the lodge, will preside as toastmaster at the banquet. Ernest C. Page, past exalted ruler of Omaha lodge, Fred D. Cornell and Frank E. Green, past exalted rulers of Lincoln lodge, and Dr. Ralph S. Sturdevant, a member of the newly initiated class, will be the speakers.

The program of the afternoon and evening follows:
Parade, 4 o'clock.
Initiation, 4:30 o'clock, City Auditorium.
Banquet, 6 o'clock, Scottish Rite Temple.
Initiation, 8 o'clock, City Auditorium.

SACRIFICED ALL FOR SAKE OF MAN

Grandfather Tells Story of Girl Wife's Tragic Romance.

Elizabeth Justis Left Motherless When But Ten Years Old.

(Special to The Star.)

COLUMBUS, Neb., March 31. — How a woman will cling to the man she loves even if it costs her the severing of home ties is revealed in a letter which gives a glimpse into the romance of Mrs. Elizabeth Justis, 19, who committed suicide here leaving a motherless babe and a husband who is serving time in the Missouri state prison.

The letter is to Henry Gass jr., of the Gass Undertaking company from the woman's grandfather, A. M. Cowdrey, Agra, Kansas, and gives the first sketch of the girl's life. It follows:

"To Whom It May Concern: I am the grandfather of Elizabeth Justis who died in Columbus, Neb., March 18, 1924. Her father lives in California and her mother is dead. She died when Elizabeth was 10 years old and left four children who have made their homes with their grandfathers and grandmothers. Elizabeth met Justis when she was 15 years old and married him. It turned out he had a wife and three children from whom he claimed he had a divorce. Justis got in trouble Elizabeth came home. As soon as he got out of jail she insisted on going with him again. When the child was born she came home and we did the best by her that we could while she continued to make her home with us. But she went with Justis to live on a farm and work for a man at Smith Center, Kansas. From there they went to Nebraska. At the time of her death I was unable to pay all of her funeral expenses and all of her last sickness expenses. Her father had not given her any support lately and we understand he is unable to do so. I am 74 years old and my wife is about the same age. We are sorry and only wish that he could correct many mistakes made by us and by our granddaughter, but we are old people and have lived here for 35 years and our neighbors are all our friends and know all our troubles. I would like to have this published as it is the true condition as we know it. We know little of what Elizabeth's life was after she left us and she wrote us so seldom.

Arrest Osburn On Charge of Theft

(Special to The Star.)

KEARNEY, Neb., March 31.— The arrest of Jack Osburn, charged with theft, reads like the scenario of a movie comedy. Unraveling of a sweater which he wore, leaving portions of the thread behind him when he crawled through a window at the Randall filling station at Gibbon, resulted in his apprehension. Candies and tobacco only were missing from the place. Osburn also gave a number of worthless checks to business men of Gibbon it is alleged. He confessed to the filling station burglary and is being held here pending trial.

Park At Columbus To Be Developed

(Special to The Star.)

COLUMBUS, Neb., March 31.—W. J. Billerbeck, who came to Humphrey last fall as a landscape artist for the Humphrey nurseries, will probably be employed by the city council here to prepare the landscape plans and specifications for the new municipal park, a site for which was purchased by the aldermen last fall. The new park is located in the Loup river bottoms southwest of the city.

Lydia Weitzel Is Best Declaimer

(Special to The Star.)

HARVARD, Neb., March 31. — Lydia Weitzel, a senior in the local high school won first prize in the annual declamatory contest speaking "Hand Car No. 412," in the high school auditorium, Friday night. Ruth Anderson, a sophomore, won second with "Chief Operator." Both were included in the twelve contestants in the dramatic division, there being but one oratorical and one humorous contestant entered. A medal was presented, by Supt. H. A. Smith, to the winner, who will enter the sectional contest at Bradshaw with Frederick North, extemporaneous speaker. About two hundred attended the local contest.

BELATED ADMINISTRATION.

(Special to The Star.)

COLUMBUS, Neb., March 30. — Nearly 25 years after the death of Mrs. Catherine Scheidel, which occurred in 1899 a son, Henry Scheidel, has petitioned County Judge John Gibbon to enter a decree giving the heirs legal title to her estate.

VALUATION UNCHANGED.

(Special to The Star.)

COLUMBUS, Neb., March 31—Real estate valuations entered on the assessment books in Platte county this spring will be unchanged when compared to last year's figures. The average assessed value of farm land will be between $98 and $99 an acre according to County Assessor Shell Clark.

Lexington Wins In Three Debates

(Special to The Star.)

LEXINGTON, Neb., March 31.—In the series of debates by the high school debating leagues on the immigration question the Lexington high school debating team under the tutelage of Mrs. Henry Wehr, and composed of Kennth Smith, Meta Lantz, and Bernard Hoffreiter have won the last three debates from Callaway, North Platte and Kearney, having upheld the affirmative. Next week they will debate with Cozad on this question. Much interest is being taken by the townspeople as well as the team itself.

Juniors Entertain Graduating Class

(Special to The Star.)

FRANKLIN, Neb., March 31.—The annual junior senior banquet of the Franklin high school was held at the Lincoln hotel, Friday evening at which the seniors, 17 in all, were delightfully entertained by a class of 40 juniors. The faculty, R. W. Kretsinger, Lola Lohr, Leona Sparks, Miss Alber, Miss Huff. Miss McGrew and Mr. Fuller, were also present.

Mr. Trump of Table Rock, elected as superintendent for the coming years, was a guest.

MONTANA SOLON ANSWERS ATTACK

Daugherty Prosecutor Says Montana People Repudiated Charges by 20,000 Votes.

Produces Letter From Federal Judge To Back Up Defense Against Accusations.

(Associated Press.)

WASHINGTON, March 31.—Senator Wheeler, democrat, Montana, the "prosecutor" in the Daugherty investigation replied yesterday to charges made against him by the republican national committee news bureau by saying the people of Montana "repudiated these stories by a majority of more than 20,000 at the last election."

The statement of the Montana senator was brought out by a detailed attack on him issued last week by the news bureau under the caption of "what everybody should know about Senator Wheeler and his Montana gang." The attack was to the effect that while Senator Wheeler was United States attorney for Montana "the state became the hot bed of treason and sedition, the leaders in the treasonable and sedious movement being friends of Wheeler and that he refused to interfere."

"Evrybody knows," said Senator Wheeler's statement, "what the story was put out for, and everybody in Montana knows that the charges are absolutely false. The people of Montana repudiated these stories and the authors of them by a majority of more than 20,000 votes at the last election."

Persons convicted under his regime as district attorney, "includnig two ex-attorneys general of the state charged with tampering with a jury" and their friends, the statement continued, sought to accuse him, "when the war hysteria was at its height, with a neglect of duty." A "complete refutation" of the charges, he said, was made by Federal Judge Bourquin of the Montana district, in a letter dated November 2, 1922.

Letter is Received.

"I regret to hear there is a revival of the unfounded charges that while United States attorney you refused to prosecute persons guilty of sedition," Judge Bourquin's letter, as given by Senator Wheeler, read. "The truth is evidence by the records of the court. You prosecuted many charged with that offense, most of whom, with no reproach to you, were not indicted by the grand jury or were found not guilty either by direction of the court or the will of the trial jury. The times were favorable to loose, unfounded and trivial charges of that character.

"A competent prosecutor always will refuse to conduct such prosecutions, refuse to prosecute and so far as you did so, it was with the sanction, approval and suggestion of the court, in furtherance of sound public policy."

Judge Bourquin said he made his statement "with no object but simple justice to an honest, able and diligent prosecutor in a most trying period of our country's history."

NEW AVALANCHES.

AMALFI, Italy, March 31.—Inhabitants of the village of Pontone fled in the nick of time Saturday as two frosh avalanches bore down upon the town. Children from the orphan asylum were rescued just before a slide of rock, mud, trees and debris thundered about the building.

STRONG PROTEST AGAINST PACIFIST IN NORTHWESTERN

Move Initiated By "Original 38" Frowned On At Student Mass Meeting.

University Head Says Men Should Risk All In Defense of the Nation.

(Associated Press.)

CHICAGO, March 31.—The emphatic answer of the Northwestern university to organized pacifist activity during the past three weeks, which has provoked an ever widening storm of protest from both students and citizens of the university city, was given yesterday in unmistakable terms.

"The attitude of the university towards war is that we should risk all in the defense of our nation," Walter Dill Scott, president, declared before a community patriotic meeting under the joint auspices of the university and the Evanston post of the American Legion. More than 3,000 students and residents of the city greeted the president's statement with wild approval. Time and again as he attempted to continue his address, swells of cheering and hand clapping voiced the community attitude toward "the original 38," the student group which two weeks ago climaxed months' of underground activity on the campus by signing formal pledges never again to take arms, no matter how sacred the cause.

David Williams, a leader in the extremist group at the institution was dismissed from the university yesterday.

Simultaneously with the meeting in the gymnasium, Dr. Ernest Freemont Tittle, pastor of the First Methodist church of Evanston, where Brent Dow Ellison, notorious war time consciencious objecter, addressed the Epworth league, issued a public apology for the incident.

Denies Responsibility.

Denying that his church was responsible for the pacifist doctrines expressed by Allison, or for the demonstration that followed, Dr. Little pointed to his service overseas with the Y. M. C. A., during the war, although exempt from service because a pastor, over the draft age and the father of a family.

"People who know this church," he declared, "know that it is as patriotic an organization as there is in any city. People who know me know that I love my country as only a man can who has risked his life for her."

"Had I known the facts then as I know them now," he said "the invitation to Allison would not have been extended."

A telegram from the white house added to the enthusiasm. "The president asks me eo express his deep interest and complete sympathy," said a message from Secretary Slemp, "with the purpose of Northwestern university and the American Legion mass meeting which you are holding with the intent of giving utterance to a patriotic expression of devotion to America.

"The flag, as the symbol of our best and deepest national sentiment, must always be assured the respect and devotion of whoever presumes to be worthy of the privilege of American citizenship."

Minerva's Mail

Take Your Troubles to Minerva

Not Materially Blessed.

Dear Minerva: Aren't some girls fortunate?

How I wish I had a real nice home in which to entertain my friends—lots of pretty clothes and such things that every girl desires. But Minerva I haven't. And until just of late I hadn't really noticed I really lacked in the way of luxuries.

I am not complaining Minerva, but just wishing. Maybe I shouldn't, but it seems as if I just can help it. There is one thing I have which I prize very highly, and that is the sweetest little mother in the whole wide world. I couldn't wish for another to compare with her for it's impossible to find one, in my estimation.

Last fall I met the most wonderful man. He's not one of these cake-eaters, cookie pushers, mushly sloppy things, but a real red-blooded man. He's the best pal and a man you don't find very often in this day and age. Well, we have been keeping company for the past few months and I've had him down to my home for dinner and he has met my folks and always seems to enjoy my company so much.

But one of my girl friends has been showering him with her attention and you know how it goes. He spent the evening at her home recently and I just had the worst kind of blues imagineable afterwards because she has everything which goes to make a girl happy which I have the ill fortune not to have. My man is a good musician and he plays for us to dance and I can't have the gang here to spend the evening because we don't even have a musical instrument. I have always had as many friends as a girl could want and I dance, swim and go in for sports. But when he comes we always go to a dance, show or something like that. But, Minerva, you don't know how I yearn for a few luxuries.

My girl friend is very desirous to go with my man. I know for a fact, and of course she has the right as we aren't engaged. But Minerva you know it would kind of hurt to have him date her because he would probably discover how much more fun he could have with her because she could entertain the crowd while I just would have to sit by and see them have the fun.

Now Minerva, I'm not jealous of her but if he cares anything about me, as I am, her advantages shouldn't make much difference, should they?

Minerva, this man has never told me he loves me but I do have reason to believe he cares just a bit. "Actions speak louder than words." Say, Minerva, do you think that is a true saying?

If he didn't care something for me surely he wouldn't have been keeping such steady company—do you think?

Now don't think I'm just a silly, inexperienced kid. I'm not out of my teens yet, I'll admit. But I've gone with lots of boys and have never fallen for one before and this time I fell hard. I guess that is the reason for my blues. I care so much for him and I haven't those things outside of self which bring popularity. And so there you are. Won't you advise me, Minerva and tell me just what you think. Oh do, for I'm so blue and discouraged. Maybe I shouldn't be but I just am.

Minerva, about what length are the spring coats going to be? Evening and street dresses. Are suedes or satin going to reign in footwear? What colors in spring goods are most becoming to a brunette? For a girl would you call five feet five tall or just medium if she is slender? Don't you think a girl that height can wear a dress well which is made along straight, slender lines? Thanking you for your time and consideration but do tell me what is what. Just a Girl.

A. Consciousness of self and possessions and connection is wont to make its appearance in the horizon of a girl's life when the man she wishes to charm has appeared. What she has is good enough until the doubt arises in her mind that it might not seem good enough to someone she particularly wants to please.

I know just how you feel. And I wish every girl could have the pretty little nothings she wants during that butterfly period when possessions seem to mean so much.

But really just things do not have nearly the value in a man's eyes that you many think. He might enjoy the attractive surroundings that some other girl may enjoy in her home, the case with which she can entertain "the gang" and such superficial pleasures. But after all it is "the girl" who attracts him, not things. If he likes you, as he seems to do, he is not going to drop you for some other girl just because her setting is more luxurious than yours. Be mighty sure of that. He has enjoyed you for the delightful pal and friend that you are. Don't spoil it by any outer show of enviousness or uncertainty. Strive to be the good friend without letting any disturbing emotions enter in. Or at least manage to conceal them when they do creep in. It is you that he likes. So be yourself. If he goes to any other girl it will be because of what she is, not because of what she has.

Three-quarter length is good for spring coats and they are of soft materials and of gay colors. Street dresses are eleven or twelve inches from the floor, and evening frocks are seven or eight inches from the floor. Spring shades that should be becoming to a brunette include zinc, sandalwood, golden brown, brick dust, caramel, green and she should be able to wear the popular black and white. Five feet five is a medium height for a woman. A girl this height should wear straight, slender dresses well.

Describes Provision for Conscription of Labor "Most Inimical Proposal.

(Associated Press.)

WASHINGTON, March 31.—Immigration legislation is rated first among nine "outstanding" desirable pending measures and the bill providing the conscription of labor in a national emergency" is described as the "most inimical" matter ever considered by congress in the report of the American Federation of Labor executive committee, made public yesterday. The other eight measures approved, in the order given them by the committee are:

Bills for settlement of railroad labor disputes, the child labor constitutional amendment; workmen's compensation in the District of Columbia, soldier bonus, adequate wages for District of Columbia school teachers extension of vocational rehabilitation, reclassification of federal employes, and adequate wages for postal employes.

The Johnston unmigration bill, the report said, was being "maliciously attacked" both by foreign countries and by "unfair and greedy" domestic corporations. Opposition of the federated Council of Churches to the abolishment of the "gentleman's agreement' with Japan by excluding "aliens eligible for citizenship" has been protested by President Gompers of the federation, the report adds and it is "hoped that influence that led it (the council) into such a mistake would be exposed."

"It must not be forgotten that the "'gentlemen's agreement' is not a treaty" the report said.

Says Text Unknown.

"No one has ever seen this 'gentleman's agreement' and it is believed to be on the same order as 'gentlemen's agreements' between corporations for profiteering purposes or for determining wages and the blacklisting of labor."

"As to the 'proposed conscription measure,' the report said, 'the term 'emergency' covered many possibilities and may come in peace as well as war time."

It added that the proposal to authorize the president "to stabilize prices of service and all commodities" was a wage fixing measure adding that radio "propaganda" by prominent public-men indicated the intent to pay labor soldier's rates in such an emergency or pay each wage earner $30 a month, a place to live and food and other necessities of life for himself and dependents."

Such a plan must mean conscription of "every industry, as well as the farms," the report said, adding that it was yet to be determined how labor could be conscripted and "private industry and agriculture be conducted as now."

Samuel Gompers, president of the federation, is concerned," the report continued, "the American Federation of Labor would agree to it if the same wages given labor would be paid to the members of the Supreme court, of congress, the president and his cabinet and all other representatives of the government, including military officers. In such case, however, the government would have to draft money as no one would be able to buy bonds."

BEATRICE

Candidate for Republican Nomination

FOR GOVERNOR

BIOGRAPHICAL SKETCH (From the Beatrice Daily Express)

Adam McMullen was born on a farm in Alleghany County, New York. He is of Scotch parentage and has been a resident of Gage County for over forty years. In his youth he learned the printers' trade and worked as a newspaper reporter in Lincoln while studying at the state university, from which he graduated in the class of 1896. Later he graduated from the Columbian Law College. He practiced law for many years at Wymore, where he was mayor and also president of the school board. Twelve years ago he retired from active practice and since then has devoted his time to extensive farming operations.

During the world war Mr. McMullen offered his services to the government and was in officers' training camp at Camp Meigs, Md.

Mr. McMullen has served three terms in the state legislature, twice in the house during the sessions of 1905 and 1907 and once in the senate during the session of 1917, where he represented Gage and Pawnee counties. In the famous session of 1907 Mr. McMullen took a leading part in moulding some of the most progressive legislation ever put on the state statutes. He was the first to introduce a direct primary bill and was chairman of the joint house and senate committee that drafted the present law. He was author of the precinct assessors' bill; also author of the present law providing for the city manager form of government. He was author of the employers' liability bill, the first law of its kind passed by any state legislature. He supported the two-cent fare law, the anti-pass law and the railway commission bill.

Mr. McMullen is a member of the Episcopal church and has always taken an active part in any movement advancing the moral and material well-being of the community and state.

Why Few Escape

Tooth trouble caused by film

Why so many teeth are cloudy

You know how teeth discolor and decay, despite the daily brushing. Dingy teeth and injured teeth became almost universal.

Now millions of people use a new method of teeth cleaning. They combat the film—the great enemy of teeth. This is to show you by a free test how much that new way means.

How film clouds and ruins teeth

Film is the great tooth enemy—that viscous film you feel. No ordinary tooth paste effectively combats it, so much of it clings and stays.

Film becomes discolored, forming dingy coats, which mar the beauty of the teeth. It makes them unclean and unsightly.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

That is how teeth are ruined.

Modern science has discovered two effective film combatants. One disintegrates the film at all stages of formation. One removes it without harmful scouring.

Dental authorities, after careful tests, have given these methods their endorsement. A new-type tooth paste has been created to apply them daily. The name is Pepsodent.

Leading dentists everywhere began to advise it. Now careful people of some 50 nations use this method every day.

Unique results, and delightful

Pepsodent brings unique results, amazing and delightful.

It does more than fight film. It multiplies the alkalinity of the saliva, which is there to neutralize mouth acids. It multiplies the ptyalin in saliva, which is there to digest starch deposits on teeth.

These combined results bring one at once a new conception of what clean teeth mean. A new era in teeth cleaning.

Protect the Enamel

Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combatant which contains harsh grit.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth become whiter as the film-coats disappear.

In one week you will realize that you and yours should always use this method. Cut out coupon now.

Minerva's Mail

Take Your Troubles to Minerva

Not Materially Blessed.

Dear Minerva: Aren't some girls fortunate?

How I wish I had a real nice home in which to entertain my friends, lots of pretty clothes and such things that every girl desires. But Minerva I haven't. And until just of late I hadn't really noticed I really lack in the way of luxuries.

I am not complaining Minerva, but just wishing. Maybe I shouldn't, but it seems as if I just can't help it. There is one thing I have which I prize very highly, and that is the sweetest little mother in the whole wide world. I couldn't wish for another to compare with her for it's impossible to find one, in my estimation.

Last fall I met the most wonderful man. He's not one of these cake-eaters, cookie pushers, mushly sloppy things, but a real red-blooded man. He's the best pal and a man you don't find very often in this day and age. Well, we have been keeping company for the past few months and I've had him down to my home for dinner and he has met my folks and always seems to enjoy my company so much.

But one of my girl friends has been showering him with her attention and you know how it goes. He spent the evening at her home recently and I just had the worst kind of blues imagineable afterwards because she has everything which goes to make a girl happy which I have the ill fortune not to have. My man is a good musician and he plays for us to dance and I can't have the gang here to spend the evening because we don't even have a musical instrument. I have always had as many friends as a girl could want and I dance, swim and go in for sports. But when he comes we always go to a dance, show or something like that. But, Minerva, you don't know how I yearn for a few luxuries.

My girl friend is very desirous to go with my man. I know for a fact, and of course she has the right as we aren't engaged. But Minerva you know it would kind of hurt to have him date her because he would probably discover how much more fun he could have with her because she could entertain the crowd while I just would have to sit by and see them have the fun.

Now Minerva, I'm not jealous of her but if he cares anything about me, as I am, her advantages shouldn't make much difference, should they?

Minerva, this man has never told me he loves me but I do have reason to believe he cares just a bit. "Actions speak louder than words." Say, Minerva, do you think that is a true saying?

If he didn't care something for me surely he wouldn't have been keeping such steady company—do you think?

Now don't think I'm just a silly, inexperienced kid. I'm not out of my teens yet, I'll admit. But I've gone with lots of boys and have never fallen for one before and this time I fell hard. I guess that is the reason for my blues. I care so much for him and I haven't those things outside of self which bring popularity. And so there you are. Won't you advise me, Minerva and tell me just what you think. Oh do, for I'm so blue and discouraged. Maybe I shouldn't be but I just am.

Minerva, about what length are the spring coats going to be? Evening and street dresses. Are suedes or satin going to reign in footwear? What colors in spring goods are most becoming to a brunette? For a girl would you call five feet five tall or just medium if she is slender? Don't you think a girl that height can wear a dress well which is made along straight, slender lines? Thanking you for your time and consideration but do tell me what is what. Just a Girl.

A. Consciousness of self and possessions and connection is wont to make its appearance in the horizon of a girl's life when the man she wishes to charm has appeared. What she has is good enough until the doubt arises in her mind that it might not seem good enough to someone she particularly wants to please.

I know just how you feel. And I wish every girl could have the pretty little nothings she wants during that butterfly period when possessions seem to mean so much.

But really just things do not have nearly the value in a man's eyes that you many think. He might enjoy the attractive surroundings that some other girl may enjoy in her home, the ease with which she can entertain "the gang" and such superficial pleasures. But after all it is "the girl" who attracts him, not things. If he likes you, as he seems to do, he is not goinng to drop you for some other girl just because her setting is more luxurious than yours. Be mighty sure of that. He has enjoyed you for the delightful pal and friend that you are. Don't spoil it by any outer show of enviousness or uncertainty. Strive to be the good friend without letting any disturbing emotions enter in. Or at least manage to conceal them when they do creep in. It is you that he likes. So be yourself. If he goes to any other girl it will be because of what she is, not because of what she has.

Three-quarter length is good for spring coats and they are of soft materials and of gay colors. Street dresses are eleven or twelve inches from the floor, and evening frocks are seven or eight inches from the floor. Spring shades that should be becoming to a brunette include zinc, sandalwood, golden brown, brick dust, caramel, green an dshe should be able to wear the popular black and white. Five feet five is a medium height for a woman. A girl this height should wear straight, slender dresses well.

DEFYING ALL ECONOMIC LAWS.

The board of directors of the Lincoln Chamber of Commerce Saturday placed their approval on the McNary-Haugen bill now pending in congress.

Action of the board was the outcome of a desire to secure for the farmer all possible legislative relief, it was said. The desire itself is commendable. The interests of the farmer and the business man in this section of the country, especially, are so closely related that common action should be secured on anything which promises to advance the condition of agriculture.

Certainly if the board of directors of the Lincoln Chamber had in mind to assist the farmers of Nebraska they selected a ludicrous method of showing it in the endorsement of the McNary-Haugen bill. That measure proposes to upset every economic law. By their action, the board of directors of the Chamber of Commerce are also on record as proposing to defy economic laws and to place value in wheat by legislative methods. The action comes a few days after a raise in tariff rates saw a big drop in the price of wheat.

In the last issue of the Saturday Evening Post, there is a most excellent article on wheat. The writer shows that as civilization reached westward, it was necessary for the farmers in the more eastern states to largely give up wheat raising on the more expensive land. With the broad, rich, fertile tracts of Canada and Australia continually producing more wheat each year, and Canada hardly scratched so far as a wheat-producing country, wheat raising in the middle western states of America is becoming more difficult. Land has reached such a value here that is is possible to raise wheat on it in competition with wheat raised on the cheap lands of Canada and Australia. Sometime wheat raising in America will be restricted to the domestic needs of the country, and the major portion of the land will be turned over to the production of other diversified crops.

The McNary-Haugen bill in brief establishes a grain purchasing corporation, which will take over all of the surplus stocks in America and dispose of them in the world market.

Under the provisions of the bill, the thrifty, industrious, hard-working farmer will be penalized to make up for the loss of the shiftless, indifferent one.

Never has communism been suggested on the scale that characterizes the McNary-Haugen bill.

Never has a government agency been proposed which will add so many job hunters to the payroll.

It is, indeed, an amazing action by the Lincoln Chamber of Commerce directors.

WHAT WILL THE HARVEST BE.

When the state of New York issues $45,000,000 of new bonds to pay the state soldier bonus voted by the last legislature, it will have increased its bonded indebtedness to the grand total of $223,000,000. The Empire commonwealth has gone farther than any other member of the federal union in the direction of mortgaging the future to raise funds for present day expenditures. The gross amount of funded obligations is equal to $22 for every man, woman and child in the state, including the big alien population of New York City.

If the state debt of New York were spread over the entire United States, it would mean $2 for every human being between the Atlantic and the Pacific, the Canadian and Mexican borders.

To carry this huge load of indebtedness requires payment of interest amounting to about $10,000,000 a year, or as much for interest alone as it costs to run the state government of Nebraska and maintain its educational, penal and charitable institutions.

The bonds referred to are those of the state of New York alone and do not include those which have been issued by New York City or any of the other cities, villages, counties and miscellaneous governmental subdivisions. If these were added in, the aggregate would mount up into the billions. Probably the people of New York are owing, all told, something like $100 a head in the form of bonded debts.

Some of the issues outstanding against the state run back a hundred years or more. The largest single item is $152,000,000 of canal bonds which have been accumulating ever since the famous waterway was built by DeWitt Clinton in the early part of the nineteenth century. There are $99,000,000 of highway bonds, $7,200,000 for forest preserves, $5,000,000 for the Palisades park and $99,000 for the Saratoga Springs reservation. These, with the soldier bonus issue, add up to the total of $308,000,000, but there is enough money on hand in sinking funds to reduce the net amount to $223,000,000.

One cannot help wondering what will be the final outcome of a fiscal policy which piles up such tremendous burdens of public indebtedness. Surely the limit must be reached some time when the weight of the load will crush those who are carrying it. These hundreds of millions of dollars of bonds and the interest upon them must be paid, in addition to meeting the regular running expenses of the state government and supporting its institutions and activities. Even a state with as many millionaires to tax as New York has, cannot get all its revenue from them.

By comparison, the people of Nebraska occupy a most fortunate situation. This state is one of the few that have not a single dollar of bonded indebtedness. Its treasury, to be sure, is a few hundred thousand dollars behind in meeting current expenditures, but that is only a drop in the bucket compared with the immense sum owed by New York. Even this condition is gradually being bettered as the result of the policy of retrenchment which has been inaugurated here.

The new capitol is being paid for by a small annual tax levy. Highways are being constructed and maintained from the proceeds of regular taxation and automobile license tax receipts. The state university and the normal schools are being taken care of from ordinary taxes and their own cash revenues. The same sources of income provide the money for new buildings at seventeen penal and charitable institutions, as well as to maintain them and feed and clothe their inmates.

No state or nation can afford to go on indefinitely spending money in excess of what it takes in. The inevitable day of reckoning will come, as it has already arrived for a number of the European countries whose expenditures during and since the world war outran their income. The policy of borrowing from the future, as New York and many of her sister states have done, merely postpones the time of settlement.

Individual experience has convinced a great many citizens that going into debt on an extravagant scale does not assure their success in business. That fact has been particularly impressed upon the farmers during the past few years. And what is true of the individual is true of the state.

Here in Nebraska we may not be acquiring as many public luxuries as some of our neighbors have done on borrowed money, but we have the satisfaction of paying as we go and knowing that we will not have to pay tribute to bond creditors during a long term of years.

RAIN MAKING IN CALIFORNIA.

The ancient art of "rain making" received a tremendous boost among the farmers of Southern California when one of the most serious drouths in recent years was broken. In the last ten days thousands of farmers and others have been asking themselves if it is possible to "make rain" after a veritable deluge came in time to save losses which would have run into the millions.

Down in the Hanford valley of the lower San Joaquin valley, the situation had become so desperate that as a last resort the farmers employed Charles Hatfield, of Los Angeles, who poses as a professional "rain maker." In the San Jose district, where most of California's fine apricots and prunes are produced, W. J. A. Collonan was brought in.

Hatfield's efforts were attended by a downpour which exceeded 4 inches, and which was accompanied by hail. Collman did not succeed so notably but sufficient rain fell to effectually break the drouth. Hatfield received a check for $8,000, in compliance with a contract calling for $2,000 for each inch of rain. The methods used by the two men were totally dissimilar. Hatfield built a high platform, on which he sprinkled certain chemicals. The gasses from these chemicals produced an atmospheric condition which resulted in rain, he claims. Sollonan uses electric apparatus to produce the same result.

Whether there is any relationship between the efforts of the two men and the rainfall which ended California's most serious drouth will never be established. The demonstration was sufficiently convincing, however, to raise doubts in the minds of many who had previously dismissed the claims of the "rain makers" lightly. The government itself has undertaken experiments along the same line for several years, and while it has been possible to precipitate moisture from the air in limited quantities and under certain conditions, the net result of the government's research has been to declare it impractical.

THE ARGENTINA EXPERIMENT.

Argentina has set about to settle the problem of old-age poverty on a national scale.

President Alvear, of the republic, signed the bill which abolishes work for everyone who has toiled twenty-five years. Under the provisions of the bill, everyone, including citizens and foreigners, who can show they have worked for a quarter of a century, are entitled to a pension on which he can live for the rest of his life. The workers must pay 5 per cent of their salaries into a national pension fund.

It is estimated the fund will have 500,000 contributors the first month, and that the number will be greatly increased thereafter.

The world, of course, will watch the experiment in Argentina with a great deal of interest. It is not the first time that it has been attempted, and it probably will not be the last. If Argentina succeeds in effectively administering a pension system of this vast, sweeping nature, she will be the first country to so succeed.

Twenty-five years ago Mrs. Emma Strawn of Chicago prepared a bill prohibiting the display of women's forms in hosiery and corset ads. The men still hold the majority in law-making bodies it would seem.

Those scoffhogs who laughed at the little animal's prediction last February should have been more considerate. He seems to have thrown in two extra weeks for injured feelings.

Headline says, "Man gets year for stealing chickens." Lucky! Many have them thrust upon them and get life.

Judging from Mr. Keiser's predicament, the courts are strong advocates of readin', 'ritin' and 'rithmetic.

More Truth Than Poetry

Please don't accuse the man of crime,
Or doubt the kindness of his heart;
He may begin to try some time
To keep from ripping roads apart,
Remember that the car he drives
Was built especially for speed,
He may endanger people's lives,
But they should give his warnings heed.

Please don't deprive him of the fun
Of burning up the avenues;
Let people be prepared to run
From the course that he pursues,
His heart might break if he were checked—
Provided that could come to pass—
And all the cars that he has wrecked
Have been of an inferior class.

Please don't by scolding make him sad,
Or try to fill him with remorse;
His recklessness perhaps is bad,
But keep obstructions from his course;
He killed an old man yesterday,
And crippled a small child last week.
But let him keep on feeling gay,
Speak gently to him when you speak.

Please don't deprive him of the joy
Of racing as a madman might,
It would be shameful to destroy
Or try to lessen his delight,
His rakish car is long and low,
And geared for breaking time and necks.
So clear the way and let him go
Until he passes in his checks.

A Bit of Homely Philosophy

TRUE GENEROSITY GIVES WITHOUT RETURN

You say you want to be generous and free hearted. Test yourself.

Are there any strings on the things which you give?

Do you present that very well-to-do friend of yours with a most expensive gift, hoping to get nothing in return?

Do you send that unfortunate friend money, knowing he needs it, but at the same time do you specify exactly how it shall be spent?

Do you qualify your generosity by always remarking upon how hard up you are and how much it pinches you, to make certain gifts?

Is your sense of making others conform to your standards of right and wrong so strong, that you just must dictate to the recipient of a gift from you?

You say you would be willing to give anything you owe, if the one who received it would use it with sense and judgment.

That may be true, but you are spoiling the spirit of your gift by limiting what you give, to this or that circumstance, according to your judgment.

If you are truly generous you will give and then if it hurts—and then forget it.—certainly never bring it up that others may admire and comment favorably on your "free hand."

Why Children Act Up.

Even allowing for the temperamental differences in children, all the normal ones ought to mind. It's largely a matter of training. Any parent who has to admit that his child is disobedient cannot expect to improve the situation unless he first confesses that the youngster's training has not been all that it should.

Check up your child problem against the following reasons why little folks get balky and spunky!

They are too busy with play to give full attention to commands. They are quick to see through the person who issues orders without meaning them, and they soon stop paying attention to orders from such a source. If a reward is offered for swift obedience the child holds out for bigger rewards. If fear is used to compel compliance, the child either becomes timid or so "hard boiled" that he utterly refuses to be driven.

Some parents make disobedience so interesting to the excitement-loving youngster that he gets more pleasure out of balking than obeying.

One of the most common crimes of elders in issuing instructions to children is that nature is quite forgotten. Youngsters are required by nature to wriggle and giggle, to yell and to thump, to imitate and investigate. Give him a normal outlet for activity and much embarrassment will be prevented.

How about your promises? To hold a child's confidence you must keep every pledge. You must guard against favoritism. You must demand and expect only what the child is capable of giving.

The parent should always bear in mind that each command is having a definite effect on his child's training. If an order is important enough to be issued, it is important enough to be issued only after consideration of its fairness, justification, and practicability. Orders should never be issued for the petty satisfaction of a parent's temper or authority.

Normal children are sensitive to an extreme. But, on the whole, they are fair. Give them a square deal, day in and day out, and you will be delighted and amazed at their responsiveness.

Questions and Answers.

Your questions on health topics will be answered by Dr. Dorothy Bocker if you address her in care of this newspaper.

Mrs. G. E—At what age should I give my baby orange juice? Why is orange juice necessary? He is now seven months old.

Answer—At four months babies should be started on a teaspoonful of either orange juice or strained canned tomato juice, once in the morning, and again in the afternoon. The quantities of these two-a-day administrations of juice should be increased gradually, until the baby is capable of taking a tablespoonful or even more at a time. These juices contain vitamins and mineral salts which babies need.

Nebraska Press

(Nebraska City News.)

Since there is a general urge in the United States to regulate, supervise and control the habits of the individual, why not launch a vigorous campaign against unscientific eating and overeating? The trail of disease, misery and death can be traced more easily to the food hog than to over-indulgence in liquor. It has been claimed that while 2 per cent of the people of the world die from the abuse of strong drink, some 99 per cent die from the effects of eating unnecessary food. It is estimated that while something like 1 per cent of the world's population are hard drinkers, 98 per cent are addict to over-indulgence in food.

There has been much beating of tom-toms and the setting off of red fire concerning the liquor problem and as a result it has been given a setting on a moral and religious plane. But if it is wrong to wreck one's physical being and invite death via the strong drink route, is it not equally as immoral to attain the same ends by the vigorous wielding of knife, fork and spoon? Where is the line of demarcation between a sharp tooth and beer bottle opener a "nightcap" or "lobster," to be drawn?

However, it would seem that the question of over-indulgence in food opens up a field for the uplifters and purifiers. The strong arm of the law should be invoked to prevent people from excavating their final resting places with their teeth. An amendment to the constitution to that effect is in order.

Why the People Grin.

BURCHARD, Neb., March 31.—To the editor: I noted an article in The Star by Mr. A. W. Richardson. I would like to ask Mr. Richardson one question: What good does it do us to vote? If the American Bar association is working so faithfully, let them look over this:

On or near the first of December, 1923, I ordered a saxophone from a catalog house. I sent them a bank draft for the advertised price of the instrument. It came C. O. D. for $3.15. I wrote them several times asking what the $3.15 was for but not a word in reply. I gave the complaint to the postoffice inspector later I got a letter that the price had been advanced and, of course, if I did not want the instrument I could return it. That is what I had been trying to get them to say. I returned the instrument by prepaid express. They now have my money and the instrument. I wrote the chief postoffice inspector at Washington, D. C. In a few days I received a letter from the chief postoffice inspector.

"I wish to inform you that the matter has been taken up with the firm in question and it is believed that an adjustment will be made." Signed by chief inspector.

Under date of March 5, 1924, I received a letter from the chief inspector that the complaint of this character had been investigated. However, the evidence and facts disclosed in the investigation did not indicate this firm was using the mails in furtherance of a scheme to defraud.

The inspector suggested that I again communicate with the firm in regard to getting a satisfactory adjustment, and that the department could not undertake to investigate for the return of money or anything else. I wrote the firm as he suggested. Nothing doing! They got my money and the instrument. Is it any wonder the people grin when the politician comes around and hands us his card.—JOHN R. RICHARDS.

GUGENHEIM'S

ESTABLISHED 1869

Announcement!

Commencing April 1st, The Nationally Known Discount

"S. H." Green Stamps

Will be Given on All Cash Sales

They are a Sound and Generous Saving

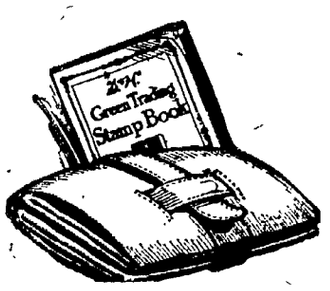

We're celebrating the coming of Spring in fitting style this year. To-morrow April 1st, we inaugurate the S. H. Green Stamp system of giving a discount to our customers.

S. H. Green Stamps need no introduction to Lincoln residents. They have been saved by the thrifty for many years, and those who redeem a filled book of stamps always start another one immediately—which proves the value of the savings made to any thoughtful person.

We have obtained a fine new stock of Spring Suits, Furnishings and Shoes for men and boys and when you look over our styles you'll be surprised at the high quality of the merchandise and the low prices.

When you consider these two advantages and add to it the S. H. Green Stamps as a discount—we know you'll be convinced that GUGENHEIM'S is the only logical place to do your Spring shopping. We'll give you a book to keep your S. H. Stamps in—or if you have already started saving S. H. Green Stamps just paste them in the book you have. S. H. Stamps obtained from the butcher, the baker or candlestick maker all go in the same book. That's what makes it so easy to fill a book. That's why you realize a quick saving on the money you spend.

Drop into the Redemption Station on the Basement floor of Gold & Co.'s Store and look over the premiums you can obtain in exchange for a full book of stamps. We know one look will make you an enthusiastic Green Stamp collector, because we know the worth of those premiums and any of them can belong to you if you trade systematically with the merchant who shares his profits with you by giving S. H. Green Stamps.

Remember! You are entitled to this discount for cash and the merchant who gives you all you earn, in turn earns your patronage.

The issuing of S. H. Green Stamps will be just as much a part of our service to you as our electric lights, sales clerks, delivery, etc.

Be sure to drop in to-morrow and look over our new styles. And when you buy, be sure to get your S. H. Green Stamps.

No state or nation can afford to go on indefinitely spending money in excess of what it takes in. The inevitable day of reckoning will come, as it has already arrived for a number of the European countries whose expenditures during and since the world war outran their income. The policy of borrowing from the future, as New York and many of her sister states have done, merely postpones the time of settlement.

Individual experience has convinced a great many citizens that going into debt on an extravagant scale does not assure their success in business. That fact has been particularly impressed upon the farmers during the past few years. And what is true of the individual is true of the state.

Here in Nebraska we may not be acquiring as many public luxuries as some of our neighbors have done on borrowed money, but we have the satisfaction of paying as we go and knowing that we will not have to pay tribute to bond creditors during a long term of years.

RAIN MAKING IN CALIFORNIA.

The ancient art of "rain making" received a tremendous boost among the farmers of Southern California when one of the most serious drouths in recent years was broken. In the last ten days thousands of farmers and others have been asking themselves if it is possible to "make rain" after a veritable deluge came in time to save losses which would have run into the millions.

Down in the Hanford valley of the lower San Joaquin valley, the situation had become so desperate that as a last resort the farmers employed Charles Hatfield, of Los Angeles, who poses as a professional "rain maker." In the San Jose district, where most of California's fine apricots and prunes are produced, W. J. A. Collonan was brought in.

Hatfield's efforts were attended by a downpour which exceeded 4 inches, and which was accompanied by hail. Collman did not succeed so notably but sufficient rain fell to effectually break the drouth. Hatfield received a check for $8,000, in compliance with a contract calling for $2,000 for each inch of rain. The methods used by the two men were totally dissimilar. Hatfield built a high platform, on which he sprinkled certain chemicals. The gasses from these chemicals produced an atmospheric condition which resulted in rain, he claims. Sollonan uses electric apparatus to produce the same result.

Whether there is any relationship between the efforts of the two men and the rainfall which ended California's most serious drouth will never be established. The demonstration was sufficiently convincing, however, to raise doubts in the minds of many who had previously dismissed the claims of the "rain makers" lightly. The government itself has undertaken experiments along the same line for several years, and while it has been possible to precipitate moisture from the air in limited quantities and under certain conditions, the net result of the government's research has been to declare it impractical.

THE ARGENTINA EXPERIMENT.

Argentina has set about to settle the problem of old-age poverty on a national scale.

President Alvear, of the republic, signed the bill which abolishes work for everyone who has toiled twenty-five years. Under the provisions of the bill, everyone, including citizens and foreigners, who can show they have worked for a quarter of a century, are entitled to a pension on which he can live for the rest of his life. The workers must pay 5 per cent of their salaries into a national pension fund.

It is estimated the fund will have 500,000 contributors the first month, and that the number will be greatly increased thereafter.

The world, of course, will watch the experiment in Argentina with a great deal of interest. It is not the first time that it has been attempted, and it probably will not be the last. If Argentina succeeds in effectively administering a pension system ofthis vast, sweeping nature, she will be the first country to so succeed.

Twenty-five years ago Mrs. Emma Strawn of Chicago prepared a bill prohibiting the display of women's forms in hosiery and corset ads. The men still hold the majority in law-making bodies it would seem.

Those scoffhogs who laughed at the little animal's prodiction last February should have been more considerate. He seems to have thrown in two extra weeks for injured feelings.

Headline says: "Man gets year for stealing chickens." Lucky! Many have them thrust upon them and get life.

Judging from Mr. Keiser's predicament, the courts are strong advocates of readin', 'ritin' and 'rithmetic.

More Truth Than Poetry

Please don't accuse the man of crime,
Or doubt the kindness of his heart;
He may begin to try some time
To keep from ripping roads apart;
Remember that the car he drives
Was built especially for speed,
He may endanger people's lives,
But they should give his warnings heed.

Please don't deprive him of the fun
Of burning up the avenues;
Let people be prepared to run
From the course that he pursues;
His heart might break if he were checked—
Provided that could come to pass—
And all the cars that he has wrecked
Have been of an inferior class.

Please don't by scolding make him sad,
Or try to fill him with remorse;
His recklessness perhaps is bad,
But keep obstructions from his course;
He killed an old man yesterday,
And crippled a small child last week.
But let him keep on feeling gay,
Speak gently to him when you speak.

Please don't deprive him of the joy
Of racing as a madman might;
It would be shameful to destroy
Or try to lessen his delight,
His rakish car is long and low,
And geared for breaking time and necks.
So clear the way and let him go
Until he passes in his checks.

A Bit of Homely Philosophy

TRUE GENEROSITY GIVES WITHOUT RETURN

You say you want to be generous and free hearted. Test yourself.

Are there any strings on the things which you give?

Do you present that very well-to-do friend of yours with a most expensive gift, hoping to get nothing in return?

Do you send that unfortunate friend money, knowing he needs it, but at the same time do you specify exactly how it shall be spent?

Do you qualify your generosity by always remarking upon how hard up you are and how much it pinches you, to make certain gifts?

Is your sense of making others conform to your standards of right and wrong so strong, that you just must dictate to the recipient of a gift from you?

You say you would be willing to give anything you own, if the one who received it would use it with sense and judgment.

That may be true, but you are spoiling the spirit of your gift by limiting what you give, to this or that circumstance, according to your judgment.

If you are truly generous you will give—give till it hurts—and then forget it,—certainly never bring it up that others may admire and comment favorably on your "free hand."

Why Children Act Up.

Even allowing for the temperamental differences in children, all the normal ones ought to mind. It's largely a matter of training. Any parent who has to admit that his child is disobedient cannot expect to improve the situation unless he first confesses that the youngster's training has not been all that it should.

Check up your child problem against the following reasons why little folks get balky and spunky!

They are too busy with play to give full attention to commands. They are quick to see through the person who issues orders without meaning them, and they soon stop paying attention to orders from such a source. If a reward is offered for swift obedience the child holds out for bigger rewards. If fear is used to compel compliance, the child either becomes timid or so "hard boiled" that he utterly refuses to be driven.

Some parents make disobedience so interesting to the excitement-loving youngster that he gets more pleasure out of balking than obeying.

One of the most common crimes of elders in issuing instructions to children is that nature is quite forgotten. Youngsters are required by nature to wriggle and giggle, to yell and to thump, to imitate and investigate. Give him a normal outlet for activity and much embarrassment will be prevented.

How about pour promises? To hold a child's confidence you must keep every pledge. You must guard against favoritism. You must demand and expect only what the child is capable of giving.

The parent should always bear in mind that each command is having a definite effect on his child's training. If an order is important enough to be issued, it is important enough to be issued only after consideration of its fairness, justification, and practicability. Orders should never be issued for the petty satisfaction of a parent's temper or authority.

Normal children are sensitive to an extreme. But, on the whole, they are fair. Give them a square deal, day in and day out, and you will be delighted and amazed at their responsiveness.

Questions and Answers.

Your questions on health topics will be answered by Dr. Dorothy Bocker if you address her in care of this newspaper.

Mrs. G. E.—At what age should I give my baby orange juice? Why is orange juice necessary? He is now seven months old.

Answer—At four months babies should be started on a teaspoonful of either orange juice or strained canned tomato juice, once in the morning, and again in the afternoon. The quantities of these two-a-day administrations of juice should be increased gradually, until the baby is capable of taking a tablespoonful or even more at a time. These juices contain vitamins and mineral salts which babies need.

Why the People Grin.

BURCHARD, Neb., March 31.—To the editor: I noted an article in The Star by Mr. A. W. Richardson. I would like to ask Mr. Richardson one question: What good does it do us to vote? If the American Bar association is working so faithfully, let them look over this:

On or near the first of December, 1923, I ordered a saxophone from a catalog house. I sent them a bank draft for the advertised price of the instrument. It came C. O. D. for $3.15. I wrote them several times asking what the $3.15 was for but not a word in reply. I gave the complaint to the postoffice inspector. Later I got a letter that the price had been advanced and, of course, if I did not want the instrument. I could return it. That is what I had been trying to get them to say. I returned the instrument by prepaid express. They now have my money and the instrument. I wrote the chief postoffice inspector at Washington, D. C. In a few days I received a letter from the chief postoffice inspector.

"I wish to inform you that the matter has been taken up with the firm in question and it is believed that an adjustment will be made." Signed by chief inspector.

Under date of March 5, 1924, I received a letter from the chief inspector that the complaint of this character had been investigated. However, the evidence and facts disclosed in the investigation did not indicate this firm was using the mails in furtherance of a scheme to defraud.

The inspector suggested that I again communicate with the firm in regard to getting a satisfactory adjustment, and that the department could not undertake to investigate for the return of money or anything else. I wrote the firm as he suggested. Nothing doing! They got my money and the instrument. Is it any wonder the people grin when the politician comes around and hands us his card.—JOHN R. RICHARDS.

Nebraska Press

(Nebraska City News.)

Since there is a general urge in the United States to regulate, supervise and control the habits of the individual, why not launch a vigorous campaign against unscientific eating and overeating? The trail of disease, misery and death can be traced more easily to the food hog than to over-indulgence in liquor. It has been claimed that while 2 per cent of the people of the world die from the abuse of strong drink, some 99 per cent die from the effects of eating unnecessary food. It is estimated that while something like 1 per cent of the world's population are hard drinkers, 98 per cent are addict to over-indulgence in food.

There has been much beating of tom-toms and the setting off of red fire concerning the liquor problem and as a result it has been given a setting on a moral and religious plane. But if it is wrong to wreck one's physical being and invite death via the strong drink route, is it not equally as immoral to attain the same ends by the vigorous wielding of knife, fork and spoon? Where is the line of demarcation between a sharp tooth and beer bottle opener a "nightcap" or "lobster," to be drawn?

However, it would seem that the question of over-indulgence in food opens up a field for the uplifters and purifiers. The strong arm of the law should be invoked to prevent people from excavating their final restinng places with their teeth. An amendment to the constitution to that effect is in order.

SPERRY & HUTCHINSON TRADING STAMP NEW YORK CITY

"West of Terminal Bldg."

GUGENHEIM'S ESTABLISHED 1869

Announcement!

Commencing April 1st, The Nationally Known Discount

S. H. Green Stamps

Will be Given on All Cash Sales

They are a Sound and Generous Saving

We're celebrating the coming of Spring in fitting style this year. To-morrow April 1st, we in augurate the S. H. Green Stamp system of giving a discount to our customers. S. H. Green Stamps need no introduction to Lincoln residents. They have been saved by the thrifty for many years, and those who redeem a filled book of stamps always start another one immediately—which proves the value of the savings made to any thoughtful person.

We have obtained a fine new stock of Spring Suits, Furnishings and Shoes for men and boys and when you look over our styles you'll be surprised at the high quality of the merchandise and the low prices.

When you consider these two advantages and add to it the S. H. Green Stamps as a discount—we know you'll be convinced that GUGENHEIM'S is the only logical place to do your Spring shopping. We'll give you a book to keep your S. H. Stamps in—or if you have already started saving S. H. Green Stamps just paste them in the book you have. S. H. Stamps obtained from the butcher, the baker or candlestick maker all go in the same book. That's what makes it so easy to fill a book. That's why you realize a quick saving on the money you spend.

Drop into the Redemption Station on the Basement floor of Gold & Co.'s Store and look over the premiums you can obtain in exchange for a full book of stamps. We know one look will make you an enthusiastic Green Stamp collector, because we know the worth of those premiums and any of them can belong to you if you trade systematically with the merchant who shares his profits with you by giving S. H. Green Stamps.

Remember! You are entitled to this discount for cash and the merchant who gives you all you earn, in turn earns your patronage.

The issuing of S. H. Green Stamps will be just as much a part of our service to you as our electric lights, sales clerks, delivery, etc.

"West of Terminal Bldg." GUGENHEIM'S ESTABLISHED 1869

Be sure to drop in to-morrow and look over our new styles. And when you buy, be sure to get your S. H. Green Stamps.

Bring all your coupons to the Redemption Station, basement, Gold & Co., to be exchanged for stamps.

BIG CEREMONIAL BY LINCOLN ELKS

Largest Class In History of Local Lodge Is Initiated.

Purple and White Much In Evidence In City During Day.

Purple and white the official colors of the Benevolent and Protective Order of Elks are much in evidence in Lincoln today the occasion being the initiation of the largest class in the history of the local lodge Approximately 120 Baby Elks are to have the antlers adjusted at the city auditorium at 4 30 this afternoon, the ceremony being preceded by a colorful parade, headed by the gorgeously uniformed band of Lincoln lodge No 80, the officers of the organization, candidates fittingly decorated and local and visiting members

The auditorium has been fitted up in splendid style for the ceremonies and it is expected that this will prove the most impressive initiation ever undertaken by Lincoln lodge Following the ritualistic work a banquet will be served at the Scottish Rite cathedral, at which Mayor Frank C Zehnung, first exalted ruler of the lodge is to preside as toastmaster The speakers will be Ernest C Page, past exalted ruler of Omaha lodge, Fred D Connell and Frank E Green, past exalted rulers of Lincoln lodge, and Dr Ralph S Stuidevant on behalf of the class

In the evening at the auditorium the second part of the initiation will be staged together with a comedy skitlet entitled, 'A Stranger In Our Midst ' This is expected to afford a vast amount of amusement the cast being a large one, made up from all of the novitiates

Many visiting Elks came to Lincoln during the morning, the delegation from Omaha being especially large

POINCARE GIVEN COOL GREETING

French Premier Has Lost Sympathies of Many of the Majority.

(Associated Press)

PARIS March 31 — Indications that Premier Poincare has lost the sympathies of many of the majority which supported his previous government were seen today in the chamber of deputies on the occasion of his declaration of policy for the reconstituted cabinet

He reaffirmed all the policies of the late government and said French soldiers would remain in the Ruhr until France was paid

There was a lack of warmth with approval only in rare exceptions Repeatedly the premier was interrupted with manifestations of mirth, surprise or disappointment

Old parliamentarians predict the situation will change, however, and that the government will receive a majority when the vote is taken, although they say it will evidently be a vote of tolerance rather than one of sympathetic approval

CONGRESS PLANS TO SPEED WORK

Anxious To Close Present Session Before National Conventions.

WASHINGTON, March 31—Hopeful that congress will find its way clear to bring its present session to a close before the June political convention house leaders hoped to make substantial progress this week towards disposing of pressing legislation

The senate probably will receive the tax and bonus bills from its finance committee The present plan of republican leader is to give the bonus bill right of way with action on the revenue measure next in order

These two proposals together with annual supply bills, must be disposed of, in the opinion of both republican and democratic leaders, before the windup of the session In line with this program the house is continuing to give appropriation bills priority. The army supply bill was sent to the senate Saturday and immediate consideration began of the independent offices bill which will be disposed of before the end of this week

Thus far only one appropriation bill— a deficiency measure—has been whipped into shape for transmission to the white house but practically all senate differences over the measures carrying appropriations for the interior, treasury and postoffice departments have been ironed out and within a few days they will be ready for the president

After disposing of the independent offices bill the house will take up the Johnson immigration measure, panning action before the senate has an opportunity to consider the measure reported by its immigration committee

Dozen Probes Continue.

A dozen investigations continue to develop in the senate and house Senator McKellar, democrat, Tennessee intends to call up his resolution which would authorize an inquiry to determine whether Secretary Mellon is holding his post as head of the treasury department in violation of the federal statutes

The Daugherty investigating committee expects to decide within a day or two as to the future scope of its inquiry, while the senate oil committee will resume its hearing Tuesday

At that time its plans to question William Boyce Thompson, former chairman of the finance committee of the republican national committee about the liquidation of the republican deficit in 1920

CHICAGO—Rev. Clifford J King of Technv Ill, just back from Catholic mission fields in China, said yesterday China has more than 1,000,000 bandits, organized more effectively than the government

MEXICO CITY—Charles B Warren, new ambassador has begun investigation into alleged unwarranted seizure of American-owned properties, safety of American citizens in Yucatan and the question of a second collection of taxes from American citizens

ANTI-SALOON HEAD IS DEAD IN EAST

Dr. P. A. Baker, For Twenty Years League Superintendent, Dies In Ohio.

WESTERVILLE, O., March 31 — Dr P. A Baker, 65, for twenty years general superintendent of the national Anti-saloon league, died at his home here late yesterday Mr. Baker has been in ill health for almost a year He recently announced he would present his resignation as general superintendent of the league due to ill health.

His resignation as head of the national organization was to have been handed to the trustees at a meeting in Indianapolis April 9, when it was expected a successor would be named He is survived by a widow, two brothers and two sisters

Death was due to a complication of diseases Dr Baker began his life's fight against strong drink as soon as he entered the ministry in the eighties It was in 1896, however, that he became associated with the Anti-saloon league

His first pastorate was at Jasper, O, and one of his first converts was a saloonkeeper, whom he persuaded to pour his stocks of liquor into the gutter and join the church

In 1903, he was elected general superintendent of the league and he had been re-elected ever since In 1919, upon formation of the World League Against Alcoholism Dr Baker was made one of its vice presidents

Dr. Baker was born in Jackson county, Ohio, April 10, 1858

BIG CEREMONIAL BY LINCOLN ELKS

Largest Class In History of Local Lodge Is Initiated.

Purple and White Much In Evidence In City During Day.

Purple and white, the official colors of the Benevolent and Protective Order of Elks are much in evidence in Lincoln today, the occasion being the initiation of the largest class in the history of the local lodge. Approximately 150 Baby Elks are to have the antlers adjusted at the city auditorium at 4:30 this afternoon, the ceremony being preceded by a colorful parade, headed by the gorgeously uniformed band of Lincoln lodge No. 80, the officers of the organization, candidates fittingly decorated and local and visiting members.

The auditorium has been fitted up in splendid style for the ceremonies and it is expected that this will prove the most impressive initiation ever undertaken by Lincoln lodge. Following the ritualistic work a banquet will be served at the Scottish Rite cathedral, at which Mayor Frank C. Zehrung, first exalted ruler of the lodge is to preside as toastmaster. The speakers will be Ernest C. Page, past exalted ruler of Omaha lodge, Fred D. Cornell and Frank E. Green, past exalted rulers of Lincoln lodge, and Dr. Ralph S. Sturdevant on behalf of the class.

In the evening at the auditorium the second part of the initiation will be staged, together with a comedy skitlet entitled, "A Stranger In Our Midst." This is expected to afford a vast amount of amusement, the cast being a large one, made up from all of the novitiates.

Many visiting Elks came to Lincoln during the morning, the delegation from Omaha being especailly large.

POINCARE GIVEN COOL GREETING

French Premier Has Lost Sympathies of Many of the Majority.

(Associatd Press.)

PARIS, March 31. — Indications that Premier Poincare has lost the sympathies of many of the majority which supported his previous government were seen today in the chamber of deputies on the occasion of his declaration of policy for the reconstituted cabinet.

He reaffirmed all the policies of the late government and said French soldiers would remain in the Ruhr until France was paid.

There was a lack of warmth, with approval only in rare exceptions. Repeatedly the premier was interrupted with manifestations of mirth, surprise or disappointment.

Old parliamentarians predict the situation will change, however, and that the government will receive a majority when the vote is taken, although they say it will evidently be a vote of tolerance rather than one of sympathetic approval.

Will Publish Papers of Woodrow Wilson

NEW YORK, March 31—The public papers of Woodrow Wilson will be published next fall, through an arrangement with Mrs. Wilson, it is announced by a New York publishing house. The edition will appear in six volumes.

Burglars Plunder Store at Ravenna

(Special to The tar.)

RAVENNA, Neb., March 31.—The Harrison & Sothman clothing store was entered Saturday night some time after midnight and a quantity of merchandise tak en. Two large suit cases are missing and twelve empty boxes would indicate that that many pairs of shoes were carried away. Some gloves, a suit of underwear, and two to four suits of clothes were among the plunder. A pair of badly worn out shoes was left behind. Entrance was gained by breaking a rear window.

CLUB EXPANDS.

(Special to The Star.)

HARVARD, Neb., March 31. — Twenty-seven new members, mostly of the younger set of business men, were taken into the membership of the Harvard Community club, at the last meeting. The club also made arrangements with American Legion officials, to devise a uniform method of street decoration; and planned to entertain the Woman's club soon.

NINETY-SEVEN YEARS OLD.

(Special to The Star.)

HARVARD, Neb., March 31.—T. F. Johnson, old time resident of the community, celebrated his ninety-seventh birthday, Wednesday, with a family dinner. The old man is still active and in good health for his advanced age.

P. E. O. VISITOR.

(Special to The Star)

WYMORE, Neb., March 31.—The Wymre chapter of P. E. O. entertained the Nebraska state organizer, Mrs. Harriet Salter, of Pierce, Saturday, a luncheon being served at the home of Mrs. Mahlan Neumann. A musical program was rendered by members.

CONGRESS PLANS TO SPEED WORK

Anxious To Close Present Session Before National Conventions.

WASHINGTON, March 31—Hopeful that congress will find its way clear to bring its present session to a close before the June political convention, house leaders hoped to make substantial progress this week towards disposing of pressing legislation.

The senate probably will receive the tax and bonus bills from its finance committee. The present plan of republican leader is to give the bonus bill right of way with action on the revenue measure next in order.

These two proposals, together with annual supply bills, must be disposed of, in the opinion of both republican and democratic leaders, before the windup of the session. In line with this program the house is continuing to give appropriation bills priority. The army supply bill was sent to the senate Saturday and immediate consideration began of the independent offices bill which will be disposed of before the end of this week.

Thus far only one appropriation bill— a deficiency measure—has been whipped into shape for transmission to the white house, but practically all senate differences over the measures carrying appropriations for the interior, treasury and postoffice departments have been ironed out and within a few days they will be ready for the president.

After disposing of the independent offices bill the house will take up the Johnson immigration measure, panning action before the senate has an opportunity to consider the measure reported by its immigration committee.

Dozen Probes Continue.

A dozen investigations continue to develop in the senate and house. Senator McKellar, democrat, Tennessee, intends to call up his resolution which would authorize an inquiry to determine whether Secretary Mellon is holding his post as head of the treasury department in violation of the federal statutes.

The Daugherty investigating committee expects to decide within a day or two as to the future scope of its inquiry, while the senate oil committee will resume its hearing Tuesday.

At that time its plans to question William Boyce Thompson, former chairman of the finance committee of the republican national committee about the liquidation of the republican deficit in 1920.

CHICAGO—Rev. Clifford J. King of Techny, Ill., just back from Catholic mission fields in China, said yesterday China has more than 1,000,000 bandits, organized more effectively than the government.

MEXICO CITY—Charles B. Warren, new ambassador, has begun investigation into alleged unwarrated seizure of American-owned properties, safety of American citizens in Yucatan and the question of a second collection of taxes from American citizens.

ANTI-SALOON HEAD IS DEAD IN EAST

Dr. P. A. Baker, For Twenty Years League Superintendent, Dies In Ohio.

WESTERVILLE, O., March 31.—Dr. P. A. Baker, 65, for twenty years general superintendent of the national Anti-saloon league, died at his home here late yesterday. Mr. Baker has been in ill health for almost a year. He recently announced he would present his resignation as general superintendent of the league due to ill health.

His resignation as head of the national organization was to have been handed to the trustees at a meeting in Indianapolis April 9, when it was expected a successor would be named. He is surived by a widow, two brothers and two sisters.

Death was due to a complication of diseases. Dr. Baker began his life's fight against strong drink as soon as he entered the ministry in the eighties. It was in 1896, however, that he became associated with the Anti-saloon league.

His first pastorate was at Jasper, O., and one of his first converts was a saloonkeeper, whom he persuaded to pour his stocks of liquor into the gutter and join the church.

In 1903, he was elected general superintendent of the league and he had been re-elected ever since. In 1919, upon formation of the World League Against Alcoholism, Dr. Baker was made one of its vice presidents.

Dr. Baker was born in Jackson county, Ohio, April 10, 1858.

Wakefield Heads for Nowata to Take Charge of Training Camp

BIG LEAGUERS END TRAINING GRIND

Spring Workouts Over In the Sout hand Teams Set South and Teams Set

Many Recruits Fails to Go the Pace and Sent Back To Minor Circuits.

Swinging into the home stretch of the training season, Major league clubs, conditioning in the south and on the Pacific coast, find themselves with practically the same lineups as those which finished the season last year, or with men who have come to them in trades or purchases from other major league clubs. For the most part, the men who are to undergo the smoothing off process from now until the opening of the season are veterans. There are a few newcomers on some of the infields, outfields and catching departments, but the bulk of untried material is to be found in the pitching department.

Recruits who gave promise and afforded much copy for newspaper correspondents at the various training camps have, in most instances flivvered out and are either enroute to the minor leagues or will be on their way before the week end. However, there are some instances where youngsters are causing managers considerable worry.

Yankees Release Rookies.

The New York Yankees sent seven men out for more seasoning. Adolfo Arguipo, six-foot pitcher, who came from Corsicana in the Texas association, and Pitcher George Dumont, purchased from the Atlanta Southern association club, have both been returned. Pitchers Henry Swenson and W. Lem Owen have been released to the Eastern league, and Pitcher Bernie Thompson will probably go to New Orleans. Catcher William Mahoney was released to Wilkes-Barre and George Redfern, infielder, went to Asheville.

John Inman, who came to the Chicago White Sox from Maysville, Ky., is the only man who has been released so far, the club carrying thirty-three players as far as Chattanooga, where Manager Chance will join the club April 4. A number of men are listed for release at that time. Acting Manager Evers having kept a close watch on the club, being ready to report to Chance when the "peerless leader" takes over the managership.

Pack For Homeward Trip.

Most of the clubs yesterday busied themselves with packing for the homeward journey.

Johnny Jones, $25,000 Pacific coast leaguer, reported to Manager Robinson of the Brooklyn Dodgers and will play shortstop, which will enable Johnston to shift to second with High at third.

Three clubs broke camp yesterday, the Giants going from Sarasota, Fla., to Orlando, where they open with the White Sox, who left Winter Haven this morning. The Yankees pulled into Mobile and Brooklyn, journey to Tampa.

Lasker Leading In Chess Fest

NEW YORK, March 31.—The twelfth round of the international chess masters' tournament will begin Wednesday. Five adjourned games are being completed today and a problem-solving contest has been arranged for tomorrow.

Dr. Emmanuel Lasker of Germany is in the lead. He drew with F. D. Yates of England yesterday in 55 moves. Alexander Alekhine of Russia adjourned his game with Elefin Bogoljubow of Latvia in 61 moves. Richard Reti, of Czechoslovakia defeated Dr. Savielly Tartakower of Austria in 74 moves. Geza Maroczy of Hungary won from David Janowski of France in 55 moves. Frank Marshall of New York forced Ed Lasker of Chicago to resign after 57 moves, and Jose Capablanca of Cuba defending champion, had a bye.

Lincoln Boss Departs For Nowata Camp

Held up exactly two weeks while battling with a pesky abscess on his neck, Howard Wakefield, head of Lincoln's Western league club, today procured clearance papers from his physician and pulled away on an afternoon train for the spring training camp at Nowata, Okla. An even dozen candidates for the Lincoln team have reported at Nowata and several additional pastimers are expected by the end of the present week. Boss Howard will personally be in charge of the workouts, although his sore neck probably will require bandages and a doctor's care for several days.

Definite information concerning the ball players rounded up by Ducky Holmes on his trip to the big league camps in Florida last week came to Wakefield Monday morning. Names of the pastimers will be withheld for the present, but Boss Howard announced that, according to Ducky, the Philadelphia Nationals will release a pitcher to the Links, the Indianapolis American association club will cut loose with an infielder and the Cleveland Americans will hand over an outfielder.

Goes to See Higgins.

Ducky was in Atlanta until yesterday, when he pulled out for New Orleans to work on Miller Huggins in an effort to convince the pilot of the world champion Yankees that he should place a pair of pitchers with the Wakefield club.

"The boys who have been pulling the holdout stuff on me may be sorry before I get through with them," Howard said today. "It has been slow pegging, as the majors have only started to prune their squads, but I'll have a ball club right soon, with players to spare, and then the holdout boys will have my attention. They have been making it tough on me, but my turn will come before long and somebody will be sorry."

Links Knock Off Amateurs.

Howard's aggregation at Nowata, comprising mostly pitchers and catchers, took advantage of clearing weather yesterday and mixed in a six-inning scramble with a team of Nowata amateurs. The count was 8 to 1 in favor of Howard's Links. Ed Zink, Nebraska league southpaw, and Lyle Brown, the latter of Harvard, Neb., toiled on the mound for the Wakefield clan, with Fred Conkey acting as receiver. Stumpf covered first, Rasmussen second, Milan third and Anderson short, while Mapel, Henry and Bulla cavorted in the outer garden. Zink and Brown each permitted one safe knock, the Nowata lads generally agitating the air in their efforts to connect with the Spalding pellet.

Catcher Conkey, premier swatsman of the Nebraska loop last summer, enjoyed a dizzy day at bat, going up four times and clouting the ball for as many hits.

(Special to The Star)

CHICAGO, March 31.—Spaulding Institute of Peoria, Ill., won the basketball tournament last night by defeating Marquette high of Milwaukee in the final game, 21 to 7.

Spaulding put up a brilliant game all the way and was leading 10 to 5 at half time, while Marquette seemed worn out by the stiff fight with DeLa Salle of Kansas City in the semi-finals, played earlier in the day.

DeLaSalle of Kansas City won third place in the tourney by defeating Catholic Central of Fort Wayne, 24 to 20.

In the semi-finals, Marquette defeated DeLaSalle, 18 to 14, and Spaulding disposed of Catholic Central, 14 to 7.

MYSTERY PLOT IN METHODS OF TEX

Promoter Rickard Plays Fox Hand In Signing Up Harry Wills.

Looks Like Clever Scheme To Block Proposed Fight At Tijuana.

BY DAVIS J. WALSH.

NEW YORK, March 31.—The signing of Harry Wills to engage in a series of bouts under Tex Rickard's auspices this summer, with Dempsey as the ultimate goal, means only one of two things:

Either Rickard has been given definite assurances that Wills and Dempsey will transact business in New Jersey, which we doubt, or, the promoter is merely trying to embarrass Jim Coffroth by taking up all available contenders.

Rickard showed not the slightest interest in Wills until announcement came from the coast that Coffroth was about to negotiate with Dempsey for a Wills bout at Tijuana. Barely more than 24 hours later Rickard replied by signing Wills to meet any one of three men—Firpo, Spalla or Romero Rojas—early in June, with the winner to meet Dempsey in September.

Has Four Under Contract.

That arrangement means that the local promoter now has four heavyweight championship contenders under contract, Wills and Tom Gibbons by actual signature and Spalla and Romero Rojas by cable. In brief, he has gained something of a corner on the heavyweight market and only needs to add Firpo to his string to be in a position to talk business with Dempsey.

The champion then would be forced to come to Rickard for action, since no other promoter could produce a leading opponent Rickard's program involves a bit of quite legitimate throat-cutting.

Will His Plan Work Out?

As for his promise to Wills of a Dempsey bout late in the summer, much remains to be said. The writer has always contended that a Dempsey-Wills fight never will be held in the United States, least of all on the eastern coast. We do not think that there has been any recent change in its status. We do not think that Rickard ever hopes to promote such a bout.

Further than that he is dealing with wholesale apple sauce when he holds forth a promise of a Dempsey bout to Wills when he has neglected the slight formality of getting the champion under contract.

Rickard, we believe, is already interested in two heavyweight projects, Wills and Firpo.

The first of these would bring together Wills and Firpo, the second Firpo and Dempsey. If he can swing these propositions, Gibbons, Spalla, Romero Rojas, Jack Renault, and others can go jump in the lake, all and severally.

Fifty per cent of the Wills-Firpo matter is already under contract and if Firpo can be made to listen to reason and money, he will fight for Rickard. The bout would take place in June and half of the promoter's program would be completed. The rest would remain with Firpo, for Rickard is banking on him to beat Wills and frankly believes that he will, if they ever meet.

A return Dempsey-Firpo match would then be a formality.

Georgia Youth Fights McTigue In Jersey Ring

NEWARK, N. J., March 31.—Mike McTigue of Ireland, light-heavyweight world's champion, and Young Stribling of Macon, Ga., meet here tonight in a 12-round no-decision fight.

Stribling has advanced rapidly through six weight divisions during the last three years and first attracted wide attention in his bout with McTigue at Columbus, Ga., where the champion alleged a partisan crowd attempted to intimidate him and the referee. Since that battle Stribling has fought successfully and often, but never has been sensational. He was outpointed in Buffalo several weeks ago by Jimmy Slattery.

Several hundred southerners have arrived to give the 19-year-old Dixie schoolboy moral support. McTigue's friends will be there to see that he has no cause for complaint.

Pa and Ma at Ringside.

In the Stribling corner will be "Pa" and near the ringside will sit "Ma," with a kiss for her boy before he enters the ring and advice between the rounds.

In the semi-final bout of ten rounds, Paul Berlenbach, whose knockout career recently was stopped by Jack Delaney, will attempt to come back against Harry Krohn, of Akron, O.

Experts have installed McTigue as a favorite. To win the title, Stribling must win by a knockout or a foul. Each man expects to weigh in at about 165 pounds.

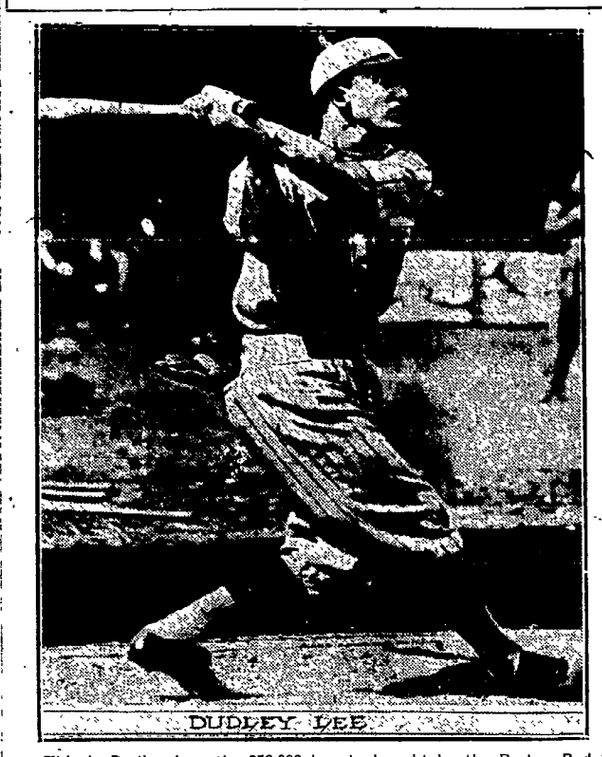

Wizards of Golf At Pinehurst Tourney

PINEHURST, N. C., March 31.—A field of golf professionals worthy of the United States open championship started here today in the annual north and south open event, with Walter Hagen, last year's winner, a staunch favorite. Second choices were Joe Kirkwood, the man with a thousand shots Gene Sarazen, rated as the leading American pro, and MacDonald Smith, the gifted Californian.

Other logical contenders in the field of 96 were Arthur Havers, British open champion, James Ockenden, holder of the French title; Jock Hutchison, Jim Barnes and Johnny Farrell. It was the greatest field that had ever taken part in the north and south classic and, with favorable weather prevailing course records were expected to suffer.

Just before starting the first round today, Hagen and Sarazen announced that, directly following the American open championship at Detroit, they would sail for England to take part in the British open title event at Hoy lake. It is expected to be a honeymoon trip for Sarazen this year, just as it was for Hagen in 1923.

Shortstop From Western Loop Going Great For Boston Sox

This is Dudley Lee, the $50,000 beauty, bought by the Boston Red Sox from Tulsa, Okla., where he created a sensation last season with his batting and fielding. Experts who have watched him in practice this season predict he will become one of the greatest shortstops in the game.

NEXT TOURNEY IN LINCOLN.

OMAHA, Neb., March 31.—The 1925 Nebraska bowling tournament will be held on the Lincoln alleys in the state capital city. Dcision to this effect was announced following a meeting of the Nebraska Bowling association here last night. Beatrice put in a bid for the '25 tourney, but could guarantee only ten teams, while the capital city maple-maulers announced they would get twenty-four quintets to roll in the state event.

George S. Kennedy of Omaha was chosen president of the association and Frank Jardsh was elected secretary. P. A. Brown of Lincoln will probably handle the entries for next year's tournament.

OMAHA, Neb., March 31—Lincoln bowlers cut a big swath in the 1924 state bowling tournament Sunday by walking off with top honors in the singles and doubles events.

Elmer Gumble of Lincoln won individual honors when he shot 692, rolling Sunday over the Omaha alleys. Gumble hit the maples for consistent scores of 202, 216, 275. He compiled a total of 1,886 in the all-events.

Edgar Duncan and Heine Kelkenberg captured first honors in the doubles by winning the roll-off with Fritscher and W. T. Jones of Omaha. Both pair totaled 1,302 in the regular competition.

The Standard Furnaces of Lincoln —H. Stitzer, Phil Wadhams, G. Stem, C. French and E. Carlson—rolled the high team score of the Lincoln fives. The Furnaces hit the maples for 2,759, which landed them in sixth place. Event winners:

Inside Golf.

BY CHESTER HORTON.

Maker of 51 golf champions, "Golf's most successful teacher," says "Chick" Evans.

Havers, the new British open champion, gives in his swing the best application of "digging the right

shoulder into the ball" that I have ever seen.

That is one detail of the golf swing that many players never get into their understanding. In their picture of it the club swings clear around with the body in its oblique plane, the clubhead going to the left in unison with the body. That is not what happens. The clubhead goes straight through the ball and out after it, and it can be made to do that only by "digging the right shoulder into the ball." That is to say, you keep your head down, and fixed, and then, just as the clubhead comes to the ball, go right in after it with the right shoulder. You do this with the right shoulder because the shoulder must drop down and under in order to keep the clubhead traveling after the ball.

The clubhead seems to cut across from inside to outside, but in reality it goes straight after the ball.

"TY" ALL SET TO FIGHT FOR FLAG

Tigers Great Ball Club In Every Position Except Second Base.

Pitchers Showing the Goods: Outfielders Able To Clout the Pill.

BY NICK FLATLEY.

AUGUSTA, Ga., March 31.—Tyrus Raymond Cobb would be a perfectly contented manager if somebody would just assure him that Topper Rigney's back would hold out through a hard baseball campaign. With the little shortstop in shape, Tyrus would be able to sail forth with plenty of confidence to annex a pennant for Detroit.

Rigney has some sort of mysterious trouble, a kink that tangles him up some times when he's stretching for grounders. And the doctors can't just find it or define it. Rigney hasn't been himself this spring.

Nevertheless, the Tigers have a ball club—a mighty good one. The outfit, with the regulars in shape, has only one weakness—second base. Pratt and Haney are fighting it out for that job and neither quite comes up to the mark in a field way.

Weak At Second Sack.

Pratt can make the quick throws smoothly enough, but he can't scamper around very fast. Time is taking its toll out of his sturdy legs. Haney is awkward and not just fast enough. Both can hammer the ball hard, however.

Everywhere else the Tigers are set to go. They have good pitchers and plenty of them. Dauss, Johnson, Pillette, Holloway, Rip Collins, Stones, Cole and Whitehill can furnish enough sharpshooting to carry them to the heights.

Outfielders Can Slug.

These Tigers have the best hitting outfield in baseball, though Bob Veach has been sent along. Manush, Cobb and Heilman will wreck pitching more often than any trio on any other club, and they have Fothergill in reserve.

Lou Blue is the best first baseman in the league, Rigney at short has only a few peers and Jones is a mighty dependable third baseman. The catching department ranks high. Bassler, Manion and Wood can all handle big league pitching, throw the ball and hit with great regularity. The Tigers will hit as hard as any in the game and, with the exception of second base, field as well as any.

It would seem a few early breaks would give Ty a chance to prove that he can stir up a team as well as he can play the outfield.

Nebraskans Sell Polo Ponies To Eastern Sports

(Special to The Star.)

GRAND ISLAND, Neb., March 31.—Horsemen are engaged in the training of thirty head of hunters and polo mounts at the horse barns in this city, in preparation for near future shipment to New York, where they will be sold at auction to sportsmen of the east. The mounts are the property of Jack Torpey, who will accompany them to New York, leaving Grand Island next Friday. The stock compriges an entire carload and will be shipped by express.

Only thep reliminary training is being given the mounts here but, after purchase, they will be started in upon a course of finishing which will continue for a period of several months. Commission and shipment to New York will add an average of $55 per head. Polo clubs and balls form a part of the equipment used in this preliminary course of training. Any morning riders may be seen in the vicinity of the barns putting the mounts through their paces in training for coming polo matches. During the afternoons, the riders engage in training the hunters, teaching the mounts in the art of jumping barriers of various kinds.

In all, Mr. Torpey has about seventy head of fancy horses in training for the eastern market. A second shipment to New York is expected to be made within a few weeks.

Well trained polo ponies sell for big money in the eastern markets. Polo is an expensive sport and few but the nabobs, with bank balances running into the millions, can afford to dally with the game.

You are sure to be pleased with the noonday luncheon at the new Lindell Coffee Shop. Sixty cents. Try it.—Adv.

Parcaut Comes To Prepare For Krieger Match

Ralph Parcaut, middleweight wrestling phenomenon of Spencer, Ia., headed into Lincoln today and will promptly resume training for his mat rumpus with Adam Krieger, dated for next Thursday night at the City auditorium, under American Legion post promotion.

Parcaut came by train instead of aeroplane, as planned. The wrestler-flyer from Spencer had intended to drive his plane from Des Moines, but weather conditions were in such a turmoil almost every day last week that he played the game safe by sticking in the Iowa capital, where he worked out daily in preparing for the Krieger contest.

Legion officers are planning on establishing a mat at post headquarters, Sixteenth and O streets, in order that Parcaut may stage daily workouts in public. Definite information on that particular topic will be made Tuesday by Matchmaker Dake.

Ruth Not Feared By Pitchers of Washington Club

Youth is the spirit of boldness—and caution knows it not.

Stanley Harris of Washington, youngest manager on the tig time, says he intends to instruct his pitchers to pitch to Mr. Ruth at all times during the impending season, and intimates that he will get more favorable results than managers who approach the Ruth menace by retreating. There are to be no intentional gratuities extended to Ruth by Washington pitchers.

"I have a hunch that Ruth can be stopped at critical moments if he is worked upon properly," says friend Harris. "Of course, he will get his hits, because he is a great hitter, but he wont be getting on the bases as he is when clubs keep walking him."

Young Harris has quite an ample idea. Walter Hagen never caught the cup with a putt that was short; no half-hearted tackle stopped Jim Thorpe.

And Ruth can be trifled with, as rather conclusively proved by Giant pitchers in the 1921 and 1922 series, by Dick Kerr while with the White Sox several years back, and by young Hub Pruett last season.

Wakefield Heads for Nowata to Take Charge of Training Camp

BIG LEAGUERS END TRAINING GRIND

Spring Workouts Over In the Sout hand Teams Set South and Teams Set

Many Recruits Fails to Go the Pace and Sent Back To Minor Circuits.

Swinging into the home stretch of the training season, Major league clubs, conditioning in the south and on the Pacific coast, find themselves with practically the same lineups as those which finished the season last year, or with men who have come to them in trades or purchases from other major league clubs. For the most part, the men who are to undergo the smoothing off process from now until the opening of the season are veterans. There are a few newcomers on some of the infields, outfields and catching departments, but the bulk of untried material is to be found in the pitching department.

Recruits who gave promise and afforded much copy for newspaper correspondents at the various training camps have, in most instances flivvered out and are either enroute to the minor leagues or will be on their way before the week end. However, there are some instances where youngsters are causing managers considerable worry.

Yankees Release Rookies.

The New York Yankees sent seven men out for more seasoning. Adolfo Arguipo, six-foot pitcher, who came from Corsicana in the Texas association, and Pitcher George Dumont, purchased from the Atlanta Southern association club, have both been returned. Pitchers Henry Swenson and W. Lem Owen have been released to the Eastern league, and Pitcher Bernie Thompson will probably go to New Orleans. Catcher William Mahoney was released to Wilkes-Barre and George Redfern, infielder, went to Asheville.

John Inman, who came to the Chicago White Sox from Maysville, Ky., is the only man who has been released so far, the club carrying thirty-three players as far as Chattanooga, where Manager Chance will join the club April 4. A number of men are listed for release at that time. Acting Manager Evers having kept a close watch on the club, being ready to report to Chance when the "peerless leader" takes over the managership.

Pack For Homeward Trip.

Most of the clubs yesterday busied themselves with packing for the homeward journey.

Johnny Jones, $25,000 Pacific coast leaguer, reported to Manager Robinson of the Brooklyn Dodgers and will play shortstop, which will enable Johnston to shift to second with High at third.

Three clubs broke camp yesterday, the Giants going from Sarasota, Fla., to Orlando, where they open with the White Sox, who left Winter Haven this morning. The Yankees pulled into Mobile and Brooklyn, journey to Tampa.

Lasker Leading In Chess Fest

NEW YORK, March 31.—The twelfth round of the international chess masters' tournament will begin Wednesday. Five adjourned games are being completed today and a problem-solving contest has been arranged for tomorrow.

Dr. Emmanuel Lasker of Germany is in the lead. He drew with F. D. Yates of England yesterday in 55 moves. Alexander Alekhine of Russia adjourned his game with Eldfin Bogoljubow of Latvia in 61 moves. Richard Reti of Czechoslovakia defeated Dr. Savielly Tartakower of Austria in 74 moves, Geza Maroczy of Hungary won from David Janowski of France in 55 moves, Frank Marshall of New York forced Ed Lasker of Chicago to resign after 57 moves, and Jose Capablanca of Cuba, defending champion, had a bye.

Lincoln Boss Departs For Nowata Camp

Held up exactly two weeks while battling with a pesky abscess on his neck, Howard Wakefield, head of Lincoln's Western league club, today procured clearance papers from his physician and pulled away on an afternoon train for the spring training camp at Nowata, Okla. An even dozen candidates for the Lincoln team have reported at Nowata and several additional pastimers are expected by the end of the present week. Boss Howard will personally be in charge of the workouts, although his sore neck probably will require bandages and a doctor's care for several days.

Definite information concerning the ball players rounded up by Ducky Holmes on his trip to the big league camps in Florida last week came to Wakefield Monday morning. Names of the pastimers will be withheld for the present, but Boss Howard announced that, according to Ducky, the Philadelphia Nationals will release a pitcher to the Links, the Indianapolis American association club will cut loose with an infielder and the Cleveland Americans will hand over an outfielder.

Goes to See Higgins.

Ducky was in Atlanta until yesterday, when he pulled out for New Orleans to work on Miller Huggins in an effort to convince the pilot of the world champion Yankees that he should place a pair of pitchers with the Wakefield club.

"The boys who have been pulling the holdout stuff on me may be sorry before I get through with them," Howard said today. "It has been slow pegging, as the majors have only started to prune their squads, but I'll have a ball club right soon, with players to spare, and then the holdout boys will have my attention. They have been making it tough on me, but my turn will come before long and somebody will be sorry."

Links Knock Off Amateurs.

Howard's aggregation at Nowata, comprising mostly pitchers and catchers, took advantage of clearing weather yesterday and mixed in a six-inning scramble with a team of Nowata amateurs. The count was 8 to 1 in favor of Howard's Links. Ed Zink, Nebraska league southpaw, and Lyle Brown, the latter of Harvard, Neb., toiled on the mound for the Wakefield clan, with Fred Conkey acting as receiver. Stumpf covered first, Rasmussen second, Milan third and Anderson short, while Mapel, Henry and Bulla cavorted in the outer garden. Zink and Brown each permitted one safe knock, the Nowata lads generally agitating the air in their efforts to connect with the Spalding pellet.

Catcher Conkey, premier swatsman of the Nebraska loop last summer, enjoyed a dizzy day at bat, going up four times and clouting the ball for as many hits.

CHICAGO, March 31.—Spaulding Institute of Peoria, Ill., won the naketball tournament last night by defeating Marquette high of Milwaukee in the final game, 21 to 7.

Spaulding put up a brilliant game all the way and was leading 10 to 5 at half time, while Marquette seemed worn out by the stiff fight with DeLa Salle of Kansas City in the semi-finals, played earlier in the day.

DeLaSalle of Kansas City won third place in the tourney by defeating Catholic Central of Fort Wayne, 24 to 20.

In the semi-finals, Marquette defeated DeLaSalle, 18 to 14, and Spaulding disposed of Catholic Central, 14 to 7.

MYSTERY PLOT IN METHODS OF TEX

Promoter Rickard Plays Fox Hand In Signing Up Harry Wills.

Looks Like Clever Scheme To Block Proposed Fight At Tijuana.

BY DAVIS J. WALSH.

NEW YORK, March 31.—The signing of Harry Wills to engage in a series of bouts under Tex Rickard's auspices this summer, with Dempsey as the ultimate goal, means only one of two things:

Either Rickard has been given definite assurances that Wills and Dempsey will transact business in New Jersey, which we doubt, or, the promoter is merely trying to embarrass Jim Coffroth by taking up all available contenders.

Rickard showed not the slightest interest in Wills until announcement came from the coast that Coffroth was about to negotiate with Dempsey for a Wills bout at Tijuana. Barely more than 24 hours later Rickard replied by signing Wills to meet any one of three men—Firpo, Spalla or Romero Rojas—early in June, with the winner to meet Dempsey in September.

Has Four Under Contract.

That arrangement means that the local promoter now has four heavyweight championship contenders under contract, Wills and Tom Gibbons by actual signature and Spalla and Romero Rojas by cable. In brief, he has gained something of a corner on the heavyweight market and only needs to add Firpo to his string to be in a position to talk business with Dempsey.

The champion then would be forced to come to Rickard for action, since no other promoter could produce a leading opponent Rickard's program involves a bit of quite legitimate throat-cutting.

Will His Plan Work Out?

As for his promise to Wills of a Dempsey bout late in the summer, much remains to be said. The writer has always contended that a Dempsey-Wills fight never will be held in the United States, least of all on the eastern coast. We do not think that there has been any recent change in its status. We do not think that Rickard ever hopes to promote such a bout.

Further than that he is dealing with wholesale apple sauce when he holds forth a promise of a Dempsey bout to Wills when he has neglected the slight formality of getting the champion under contract.

Rickard, we believe, is already interested in two heavyweight projects.

Wills and Firpo.

The first of these would bring together Wills and Firpo, the second Firpo and Dempsey. If he can swing these propositions, Gibbons, Spalla, Romero Rojas, Jack Renault and others can go jump in the lake, all and severally.

Fifty per cent of the Wills-Firpo matter is already under contract and if Firpo can be made to listen to reason and money, he will fight for Rickard. The bout would take place in June and half of the promoter's program would be completed. The rest would remain with Firpo, for Rickard is banking on him to beat Wills and frankly believes that he will, if they ever meet.

A return Dempsey-Firpo match would then be a formality.

Georgia Youth Fights McTigue In Jersey Ring

NEWARK, N. J., March 31.—Mike McTigue of Ireland, light-heavyweight world's champion, and Young Stribling of Macon, Ga., meet here tonight in a 12-round no-decision fight.

Stribling has advanced rapidly through six weight divisions during the last three years and first attracted wide attention in his bout with McTigue at Columbus, Ga., where the champion alleged a partisan crowd attempted to intimidate him and the referee. Since that battle Stribling has fought successfully and often, but never has been sensational. He was outpointed in Buffalo several weeks ago by Jimmy Slattery.

Several hundred southerners have arrived to give the 19-year-old Dixie schoolboy moral support. McTigue's friends will be there to see that he has no cause for complaint.

Pa and Ma at Ringside.

In the Stribling corner will be "Pa" and near the ringside will sit "Ma," with a kiss for her boy before he enters the ring and advice between the rounds.

In the semi-final bout of ten rounds, Paul Berlenbach, whose knockout career recently was stopped by Jack Delaney, will attempt to come back against Harry Krohn, of Akron, O.

Experts have installed McTigue **as a favorite. To win the title,** Stribling must win by a knockout or a foul. Each man expects to weigh in at about 165 pounds.

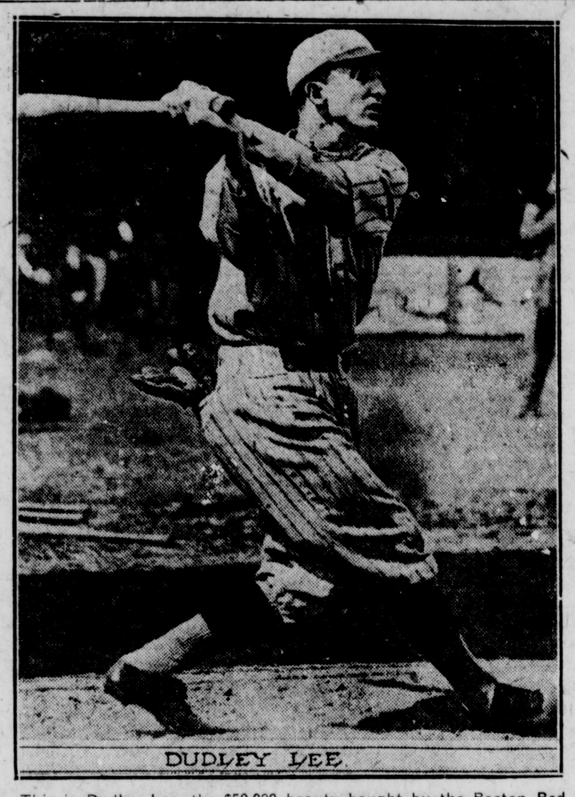

Wizards of Golf At Pinehurst Tourney

PINEHURST, N. C., March 31.—A field of golf professionals worthy of the United States open championship started here today in the annual north and south open event, with Walter Hagen, last year's winner, a staunch favorite. Second choices were Joe Kirkwood, the man with a thousand shots Gene Sarazen, rated as the leading American pro, and MacDonald Smith, the gifted Californian.

Other logical contenders in the field of 96 were Arthur Havers, British open champion; James Ockenden, holder of the French title; Jock Hutchison, Jim Barnes and Johnny Farrell. It was the greatest field that had ever taken part in the north and south classic and, with favorable weather prevailing course records were expected to suffer.

Just before starting the first round today, Hagen and Sarazen announced that, directly following the American open championship at Detroit, they would sail for England to take part in the British open title event at Hoy lake. It is expected to be a honeymoon trip for Sarazen this year, just as it was for Hagen in 1923.

Shortstop From Western Loop Going Great For Boston Sox

This is Dudley Lee, the $50,000 beauty bought by the Boston Red Sox from Tulsa, Okla., where he created a sensation last season with his batting and fielding. Experts who have watched him in practice this season predict he will become one of the greatest shortstops in the game.

Capital City Maple Maulers Grab Honors In Single and Doubles.

NEXT TOURNEY IN LINCOLN.

OMAHA, Neb., March 31.—The 1925 Nebraska bowling tournament will be held on the Lincoln alleys in the state capital city. Dcision to this effect was announced following a meeting of the Nebraska Bowling association here last night. Beatrice put in a bid for the '25 tourney, but could guarantee only ten teams, while the capital city maple-maulers announced they would get twenty-four quintets to roll in the state event.

George S. Kennedy of Omaha was chosen president of the association and Frank Jarosh was elected secretary. P. A. Brown of Lincoln will probably handle the entries for next year's tournament.

OMAHA, Neb., March 31—Lincoln bowlers cut a big swath in the 1924 state bowling tournament Sunday by walking off with top honors in the singles and doubles events.

Elmer Gumble of Lincoln won individual honors when he shot 692, rollling Sunday over the Omaha alleys. Gumble hit the maples for consistent scores of 202, 215, 275. He compiled a total of 1,886 in the all-events.

Edgar Duncan and Heine Kelkenberg captured first honors in the doubles by winning the roll-off with Fritscher and W. T. Jones of Omaha. Both pair totaled 1,302 in the regular competition.

The Standard Furnaces of Lincoln —H. Stitzer, Phil Wadhams, G. Stem, C. French and E. Carlson— rolled the high team score of the Lincoln fives. The Furnaces hit the maples for 2,759, which landed them in sixth place. Event winners:

Inside Golf.

BY CHESTER HORTON.

Maker of 51 golf champions, "Golf's most successful teacher," says "Chick" Evans.

Havers, the new British open champion, gives in his swing the best application of "digging the right

shoulder into the ball" that I have ever seen.

That is one detail of the golf swing that many players never get into their understanding. In their picture of it the club swings clear around with the body in its oblique plane, the clubhead going to the left in unison with the body. That is not what happens. The clubhead goes straight through the ball and out after it, and it can be made to do that only by "digging the right shoulder into the ball." That is to say, you keep your head down, and fixed, and then, just as the clubhead comes to the ball, go right in after it with the right shoulder. You do this with the right shoulder because the shoulder must drop down and under in order to keep the clubhead traveling after the ball.

The clubhead seems to cut across from inside to outside, but in reality it goes straight after the ball.

"TY" ALL SET TO FIGHT FOR FLAG

Tigers Great Ball Club In Every Position Except Second Base.

Pitchers Showing the Goods; Outfielders Able To Clout the Pill.

BY NICK FLATLEY.

AUGUSTA, Ga., March 31.—Tyrus Raymond Cobb would be a perfectly contented manager if somebody would just assure him that Topper Rigney's back would hold out through a hard baseball campaign. With the little shortstop in shape, Tyrus would be able to sail forth with plenty of confidence to annex a pennant for Detroit.

Rigney has some sort of mysterious trouble, a kink that tangles him up some times when he's stretching for grounders. And the doctors can't just find it or define it. Rigney hasn't been himself this spring.

Nevertheless, the Tigers have a ball club—a mighty good one. The outfit, with the regulars in shape, has only one weakness—second base. Pratt and Haney are fighting it out for that job and neither quite comes up to the mark in a field way.

Weak At Second Sack.

Pratt can make the quick throws smoothly enough, but he can't scamper around very fast. Time is taking its toll out of his sturdy legs. Haney is awkward and not just fast enough. Both can hammer the ball hard, however.

Everywhere else the Tigers are set to go. They have good pitchers and plenty of them. Dauss, Johnson, Pillette, Holloway, Rip Collins, Stones, Cole and Whitehill can furnish enough sharpshooting to carry them to the heights.

Outfielders Can Slug.

These Tigers have the best hitting outfield in baseball, though Bob Veach has been sent along. Manush, Cobb and Heilman will wreck pitching more often than any trio on any other club, and they have Fothergill in reserve.

Lou Blue is the best first baseman in the league, Rigney at short has only a few peers and Jones is a mighty dependable third baseman. The catching department ranks high. Bassler, Manion and Wood can all handle big league pitching, throw the ball and hit with great regularity. The Tigers will hit as hard as any in the game and, with the exception of second base, field as well as any.

It would seem a few early breaks would give Ty a chance to prove that he can stir up a team as well as he can play the outfield.

Nebraskans Sell Polo Ponies To Eastern Sports

(Special to The Star.)

GRAND ISLAND, Neb., March 31.—Horsemen are engaged in the training of thirty head of hunters and polo mounts at the horse barns in this city, in preparation for near future shipment to New York, where they will be sold at auction to sportsmen of the east. The mounts are the property of Jack Torpey, who will accompany them to New York, leaving Grand Island next Friday. The stock comprises an entire carload and will be shipped by express.

Only thep reliminary training is being given the mounts here but, after purchase, they will be started in upon a course of finishing which will continue for a period of several months. Commission and shipment to New York will add an average of $55 per head. Polo clubs and balls form a part of the equipment used in this preliminary course of training. Any morning riders may be seen in the vicinity of the barns putting the mounts through their paces in training for coming polo matches. During the afternoons, the riders engage in training the hunters, teaching the mounts in the art of jumping barriers of various kinds.

In all, Mr. Torpey has about seventy head of fancy horses in training for the eastern market. A second shipment to New York is expected to be made within a few weeks.

Well trained polo ponies sell for big money in the eastern markets. Polo is an expensive sport and few but the nabobs, with bank balances running into the millions, can afford to dally with the game.

You are sure to be pleased with the noonday luncheon at the new Lindell Coffee Shop. Sixty cents. Try it.—Adv.

Parcaut Comes To Prepare For Krieger Match

Ralph Parcaut, middleweight wrestling phenomenon of Spencer, Ia., headed into Lincoln today and will promptly resume training for his mat rumpus with Adam Krieger, dated for next Thursday night at the City auditorium, under American Legion post promotion.

Parcaut came by train instead of aeroplane, as planned. The wrestler-flyer from Spencer had intended to drive his plane from Des Moines, but weather conditions were in such a turmoil almost every day last week that he played the game safe by sticking in the Iowa capital, where he worked out daily in preparing for the Krieger contest.

Legion officers are planning on establishing a mat at post headquarters, Sixteenth and O streets, in order that Parcaut may stage daily workouts in public. Definite information on that particular topic will be made Tuesday by Matchmaker Dake.

Ruth Not Feared By Pitchers of Washington Club

Youth is the spirit of boldness—and caution knows it not.

Stanley Harris of Washington, youngest manager on the tig time, says he intends to instruct his pitchers to pitch to Mr. Ruth at all times during the impending season, and intimates that he will get more favorable results than managers who approach the Ruth menace by retreating. There are to be no intentional gratuities extended to Ruth by Washington pitchers.

"I have a hunch that Ruth can be stopped at critical moments if he is worked upon properly," says friend Harris. "Of course, he will get his hits, because he is a great hitter, but he wont be getting on the bases as he is when clubs keep walking him."

Young Harris has quite an ample idea. Walter Hagen never caught the cup with a putt that was short; no half-hearted tackle stopped Jim Thorpe.

And Ruth can be trifled with, as rather conclusively proved by Giant pitchers in the 1921 and 1922 series, by Dick Kerr while with the White Sox several years back, and by young Hub Pruett last season.

Warns Wheat Growers Against An Increase In Acreage for 1924

In the first of a series of articles intended for the use of farmers in the pre-planting season, A B. Anderson, federal bureau of crops and livestock estimates superintendent declared today that the market outlook for the 1924 wheat crop does not warrant expansion in acreage, even though world acreage reported to date is slightly less than previously

"Argentina and Australian crops, just harvested, are larger," the article states. "Low price has increased consumption."

Continuing, Mr. Anderson's first article says.

"The world area of wheat reported to date for 1924, totals 109,000,000 acres, against 115,000,000 acres last year In Russia the acreage is slightly higher. Canada is beginning the season with the handicap of some reduction in area prepared for seeding. In Argentina, the relatively good prices for corn seem to favor that crop over wheat for the next planting season.

"The 1923 world wheat crop was the largest since 1915, by a considerable margin. However, the low prices increased consumption. Europe imported practically the same quantity as the previous year, notwithstanding the fact that the European crop outside of Russia was 240,000,000 bushels larger. This tendency to consume more wheat may be reflected in a better demand for the coming crop.

"However, increased consumption and its effects on supply and price, may be offset by the fact that Argentina and Australian crops just harvested are 68,000,000 bushels in excess of the previous crops. It appears that about the time of harvest in the United States, the world stocks of wheat will be larger than a year ago, unless the rate of consumption increases further. This indicates that the demand for American wheat is apt to be better some time after the harvest here, when Argentina and Australian stocks have diminished."

Pimply? Well, Don't Be

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel: there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result Take one or two nightly for a week. See how much better you feel and look. 15c and 30c—Advertisement.

Warns Wheat Growers Against An Increase In Acreage for 1924

In the first of a series of articles intended for the use of farmers in the pre-planting season, A. B. Anderson, federal bureau of crops and livestock estimates superintendent declared today that the market outlook for the 1924 wheat crop does not warrant expansion in acreage, even though world acreage reported to date is slightly less than previously.

"Argentina and Australian crops, just harvested, are larger," the article states. "Low price has increased consumption."

Continuing, Mr. Anderson's first article says.

"The world area of wheat reported to date for 1924, totals 109,000,000 acres, against 115,000,000 acres last year. In Russia the acreage is slightly higher. Canada is beginning the season with the handicap of some reduction in area prepared for seeding. In Argentina, the relatively good prices for corn seem to favor that crop over wheat for the next planting season.

"The 1923 world wheat crop was the largest since 1915, by a considerable margin. However, the low prices increased consumption. Europe imported practically the same quantity as the previous year, notwithstanding the fact that the European crop outside of Russia was 240,000,000 bushels larger. This tendency to consume more wheat may be reflected in a better demand for the coming crop.

"However, increased consumption and its effects on supply and price, may be offset by the fact that Argentina and Australian crops just harvested are 68,000,000 bushels in excess of the previous crops. It appears that about the time of harvest in the United States, the world stocks of wheat will be larger than a year ago, unless the rate of consumption increases further. NEW YORK STOCK MARKET

NEW YORK March 31

Stock prices showed excellent recuperative powers in today's dull session after an early period of irregularity. Indications that many stocks had been oversold were seen in the brisk recovery which set in later. Sales approximated 600 000 shares.

Stock prices moved within narrow limits at the opening of today's stock market. Good buying again developed in the rails, Reading making a gain of 1 point. General Electric moved up a point while International Paper fell back 1. Bethlehem Steel and Anaconda dropped to new low levels for the year.

Reactionary tendencies became more pronounced as trading progressed, additional new low records being established by Republic, Crucible and Gulf States Steels, Lima Locomotive, Kelly Springfield 8 per cent and Reynolds Tobacco B. Davison Chemical, American Hide & Leather preferred, U S Industrial Alcohol and Cuyamel Fruit showed independent strength gaining a point or more. Baldwin dropped a point but most of the other standard industrials showed little change. Foreign exchanges opened firm.

A brisk recovery set in around the end of the first hour, General Electric moving up 4 points on buying apparently inspired by the excellent 1923 report. Corn Products rallied over 3 points but these two issues forfeited part of their gains on a wave of profit taking which set in around noon. Good buying continued however in other parts of the list, the steels and motor accessories climbing rapidly on short covering. Gains of 1 to 2½ points were registered by U S Rubber, Republic and Crucible Steels, Stromberg Carburetor, Stewart Warner and Fisher Body. American Can and Baldwin also rallied briskly as did the leather issues. Rails were mixed, strength of Norfolk & Western, Chesapeake & Ohio and Lackawanna being counteracted by the heaviness of Wabash preferred B, Union Pacific and St Louis Southwestern. Otis Elevator and Consolidated Cigar preferred each dropped 3 points. Call money opened at 4 per cent.

Selling from highly speculative sources was abandoned in the early afternoon when the market showed ability to absorb all offerings. Most of the representative shares kept up steadily and Central Leather preferred gained three and Woolworth 4 points. Liquidation appeared from time to time among inactive issues, Kayser preferred falling 4 points to a new low figure.

The closing was firm. Further recovery was made in the late dealings by a number of active issues including United States and Republic Steels, American Can and Norfolk & Western which ruled points above Saturday's closing prices. Special weakness developed in American Telephone which dropped ¾ points to 1 3¼ a new 1924 low on confirmed reports of new financing.

GRAIN MARKETS

CHICAGO Ill March 31

Considerable strength developed in the corn market today and an early downturn of prices was more than wiped out. Previous sellers were the principal buyers and sentiment was much less bearish than for some time past. The close was firm ⅞@1⅛c net higher May 7..@7 ...

CORN—Nervous fluctuations in the corn market took place today with prices averaging lower during the early trading. The chief factor was uncertainty as to whether there would be further developments regarding charges that the market had been manipulated last week. Many traders contended that at least temporarily prices had been weakened by general withdrawal of speculators and that numerous orders to buy had been cancelled. The opening which varied from unchanged figures to ...c lower with May ..@76 ...c was followed by a moderate setback all around and then transient upturns which in some cases carried the market above Saturday's finish.

Better shipping demand from the east together with ... supply total helped to promote higher prices during the last part of the day.

WHEAT—Selling on the part of houses with eastern connections kept the wheat market from rallying much although an upward tendency was noticeable as a result of higher quotations at Liverpool. After opening unchanged to ⅜c advance May $1 01@1 01¼ and July $1 0.. ...@1 03 wheat held within narrow limits.

Subsequently the market scored a decided advance aided by reports that it is had purchased ..000 000 bushels of Canadian wheat within the last few days. The close was strong ... to 1⅝c net higher May $1 02¼@1 ... and July $1 03⅞@ 1 0..¾

OATS—Oats were firmer owing to the further delay to seeding. Initial prices were ⅛ to ⅜c up May 4..c and there was little if any reaction.

PROVISIONS—Higher quotations in the hog market gave firmness to provisions

INDICT OIL MAN FOR CONTEMPT

Federal Grand Jury Returns Bill Containing Ten Counts Against Harry F. Sinclair for Refusing to Testify.

(Associated Press)

WASHINGTON March 31 — Harry F Sinclair lessee of Teapot Dome, was indicted by a federal grand jury here today on contempt charges growing out of his refusal to testify before the senate oil committee.

The indictment was in ten counts, each referring to a specific question asked the oil operator when he was last before the committee. The grand jurors held that these questions all of which Sinclair refused to answer, were 'pertinent to the matters and questions then under inquiry before the said committee'

Standard Oil Company Files Answer to Suit Instituted By Atorney General.

OMAHA March 21—(A P)—Attorney W H Hordman filed answer in district court today for the Standard Oil company of Nebraska generally denying the allegations in a recent suit by Attorney General Spillman in which Spillman alleged the Standard was in combination with a number of other Nebraska oil concerns to fix the price of petroleum products including gasoline

DAUGHERTY HAS NO ILL FEELING

(Continued from page One)

feeling against President Coolidge and made known his intention of helping the chief executive at any personal sacrifice.

The statement follows

No extended statement from me as to what has taken place and what it all means may be expected for some time.

Its usefulness would now be personal and that does not interest my friends or me. I was fully warned it was to be done. I did not think it could take place in free America. It did however take place though I did all I could to prevent it. I stood against it as a matter of duty and in saying this I have no ambition to be declared a martyr.

One thing now let me say. I have no personal feeling against the president. I am yet his dependable friend and supporter.

I have no fears as to my own contented future and I have no favors to ask except the continuance of confidence on the part of my friends and the respect of the thinking patriotic self respecting American people. Of all this I feel confidently assured.

I took a difficult position with the president as a matter of duty and a desire to help him out in the long run. To give up a place in the cabinet was not a second's disappointment to me. As to the method employed against me the rougher the work the greater the benefit to the country as an object lesson.

Says Deserve Confidence

I happened to be in a position where I could stand it better than some others. I hope it stops with me. The president's cabinet deserves support of congress and the country. They are deserving of confidence, respect and gratitude.

We should all pull together unselfishly and at any personal sacrifice to help the president. He is honest and is trying to put through a program that means much to the American people. The complete story of this thing will wait. In carrying out of a program agreed upon and known to be helpful to the country it will not wait too long.

No one need waste any time worrying about the ex attorney general. He will take care of himself until reason is restored and time and truth fully vindicate him as they surely will.

Nobody's feelings are much hurt but if they are hurt at all it does not amount to anything.

Now is the time for cool heads, considerate counsel and help by all

NORBECK BRINGS A NEW CHARGE

(Continued from Page One)

federal employes. Expensive offices and organization forces were maintained in towns and cities.

Criticism was frequently made of the expenditures of the Wood Lowden campaign in 1920 and led to investigation by the United States senate but there was much more evidence of lavishness in the Coolidge campaign. I believe the expenses would average three dollars for every vote they received.

Indications are that some of the larger counties were financed from outside and not from state headquarters. In addition outside corporations ran thousands of lines of advertising in every paper in the state including even the smallest weeklies for three weeks preceding the election, the avowed purpose of which was to break down the progressive forces but especially the candidacy of Governor McMaster for the United States senate. Evidently they resented his effort to bring down the high gasoline prices.

Many Prominent Men

Among the Coolidge speakers were members of congress, a member of the cabinet and a former cabinet officer.

Neither effort nor expense was spared by the Coolidge managers but the farmers and working people saved the day. Not only is the Johnson majority substantial but the Johnson delegation of which I am one appears on partial returns to be victorious by a much larger majority

CLAIM TRIED TO DUPE BERGDOLL

EBERBACH Baden March 31 — Charging the American government with an attempt to lure Grover Cleveland Bergdoll back to the United States with a promise that he would be given a light sentence thereby providing the American public with a fresh sensation which would divert interest from the oil scandal, the Eberbach newspaper Messenger yesterday published details of alleged parleys with Bergdoll carried on by three representatives of an American newspaper syndicate and a man named Leighton Blood alleged to be a representative of the state department but who the newspaper suspected of being the spokesman for the American Legion.

According to the Messenger and other local newspapers the four agents are alleged to have carried credentials from Secretary Hughes and the American Legion on the strength of which Bergdoll was assured he would be given a maximum sentence of four months imprisonment provided he returned before March 20.

Blood according to local reports was equipped with a passport issued in the name of Bryant and official German documents which would insure Bergdoll's unhampered exit from Germany. Bergdoll's failure to leave before March 20 it is asserted brought a notification from an American newspaper correspondent to the effect that the state department had withdrawn its promises of partial immunity but that two days grace was obtained by the correspondent which would enable Bergdoll to catch the steamer George Washington sailing from Bremen

MARKET QUOTATIONS

LIVE STOCK MARKETS.

OMAHA, Neb., March 31.

CATTLE—Receipts, 5,500. Owing to storms Saturday and Sunday receipts of cattle were light and the market responded in a satisfactory manner. Early sales were 10 to 15c higher than Saturday on both beef steers and she stock and movement was active at the advance. A few of the good to choice sold at $10.25@10.75; there was also a good call for stockers and feeders at good strong prices, good offerings going as high as $8.50.

Top steers $10.75; bulk butcher cows and heifers, $4.85@7.25; bulk stockers and feeders $6.75@8.00; top feeders, $8.50.

HOGS—Receipts, 8,500. With much smaller supplies than expected at all points due to the storm, the local trade showed a strong undertone, this morning, and prices advanced sharply. Shippers demand was urgent and trade in this division under way at a seasonable hour, was at prices fully 15 to 20c higher than Saturday. Initial bids from packers were around 10c up but sellers were holding for a greater advance and trade was slow. Bulk of sales was at $7.10@7.40 with early top $7.45.

Bulk 210 to 300 pound butchers, $7.30@7.40; top $7.45.

SHEEP—Receipts, 9,700. The week opened with moderate supplies of lambs carrying killer flesh at hand, local packers took a stand to lower their costs slightly on initial rounds but were unsuccessful up to a late hour. Only a fair number of shearing lambs were on offer and the market was around steady with last week's close. Aged sheep were also few and trade was little changed.

Wooled lambs $15.75@16.25; top $16.25 light and handy weight ewes, $10.75 @ 11.00.

NEW YORK STOCK MARKET.

NEW YORK, March 31.

Stock prices showed excellent recuperative powers in today's dull session after an early period of irregularity. Indications that many stocks had been oversold were seen in the brick recovery which set in later. Sales approximated 700,000 shares.

Stock prices moved within narrow limits at the opening of today's stock market. Good buying again developed in the rails, Reading making a gain of 1 point. General Electric moved up a point while International Paper fell back 1. Bethlehem Steel and Anaconda dropped to new low levels for the year.

Reactionary tendencies became more pronounced as trading progressed, additional new low records being established by Republic, Crucible and Gulf States Steels, Lima Locomotive, Kelly-Springfield 8 per cent and Reynolds Tobacco B, Davison Chemical, American Hide & Leather preferred, U. S. Industrial Alcohol and Cuyamel Fruit showed independent strength, gaining a point or more. Baldwin dropped a point, but most of the other standard industrials showed little change. Foreign exchanges opened firm.

A brisk recovery set in around the end of the first hour, General Electric moving up 4 points on buying apparently inspired by the excellent 1923 report. Corn Products rallied over 3 points but these two issues forfeited part of their gains on a wave of profit taking which set in around noon. Good buying continued, however, in other parts of the list, the steels and motor accessories climbing rapidly on short covering. Gains of 1 to 2½ points were registered by U. S., Republic and Crucible Steels, Stromberg Carburetor, Stewart-Warner and Fisher Body. American Can and Baldwin also rallied briskly as did the leather issues. Rails were mixed, strength of Norfolk & Western, Chesapeake & Ohio and Lackawanna being counteracted by the heaviness of Wabash preferred B, Union Pacific and St. Louis-Southwestern. Otis Elevator and Consolidated Cigar preferred each dropped 3 points. Call money opened at 5 per cent.

Selling from highly speculative sources was abandoned in the early afternoon when the market showed an ability to digest all offerings. Most of the representative shares crept up slowly and Central Leather preferred gained three and Woolworth 4 points. Liquidation appeared from time to time among inactive issues, Kayser preferred falling 7¼ paints to a new low figure.

The closing was firm; further recovery was made in the late dealings by a number of active issues, including United States and Republic Steels, American Can and Norfolk & Western, which ruled 3 points above Saturday's closing prices. Special weakness developed in American Telephone, which dropped 2¼ points to 123¼, a new 1924 low, on confirmed reports of new financing.

GRAIN MARKETS.

CHICAGO, Ill., March 31.

Considerable strength developed in the corn market today, and an early downturn of prices was more than wiped out. Previous sellers were the principal buyers, and sentiment was much less bearish than for some time past. The close was firm. ⅛@1⅛c net higher, May 77@77⅛c.

CORN—Nervous fluctuations in the corn market took place today with prices averaging lower during the early trading. The chief factor was uncertainty as to whether there would be further developments regarding charges that the market had been manipulated last week. Many traders contended that at least temporarily, prices had been weakened by general withdrawal of speculators and that numerous orders to buy had been cancelled. The opening, which varied from unchanged figures to ⅜c lower, with May 76@76⅛c, was followed by a moderate setback all around and then transient upturns which, in some cases, carried the market above Saturday's finish.

Better shipping demand from the east together with a decrease of the visible supply total helped to promote higher prices during the last part of the day.

WHEAT—Selling on the part of houses with eastern connections kept the wheat market from rallying much, although an upward tendency was noticeable as a result of higher quotations at Liverpool. After opening unchanged to ⅜c advance, May $1.01@1.01¼ and July $1.02¾@1.03, wheat held within narrow limits.

Subsequently, the market scored a decided advance, aided by reports that Italy had purchased 6,000,000 bushels of Canadian wheat within the last few days. The close was strong, ¾ to 1⅜c net higher, May $1.02¼@1.02⅜ and July, $1.03⅝@1.03¾.

OATS—Oats were firmer, owing to the further delay to seeding. Initial prices were ⅛ to ⅜c up, May 45c, and there was little if any reaction.

PROVISIONS—Higher quotations in the hog market gave firmness to provisions.

INDICT OIL MAN FOR CONTEMPT

Federal Grand Jury Returns Bill Containing Ten Counts Against Harry F. Sinclair for Refusing to Testify.

(Associated Press.)

WASHINGTON, March 31. — Harry F. Sinclair, lessee of Teapot Dome, was indicted by a federal grand jury here today on contempt charges growing out of his refusal to testify before the senate oil committee.

The indictment was in ten counts, each referring to a specific question asked the oil operator when he was last before the committee. The grand jurors held that these questions, all of which Sinclair refused to answer, were "pertinent to the matters and questions then under inquiry before the said committee."

DENY CHARGES MADE BY STATE

Standard Oil Company Files Answer to Suit Instituted By Atorney General.

OMAHA, March 21.—(A. P.)— Attorney W .H. Hordman filed answer in district court today for the Standard Oil company of Nebraska, generally denying the dllegations in a recent suit by Attorney General Spillman in which Spillman alleged the Standard was in combination with a number of other Nebraska oil concerns to fix the price of petroleum products including gasoline.

DAUGHERTY HAS NO ILL FEELING

(Continued from page One.)

feeling against President Coolidge and made known his intention of helping the chief executive, "at any personal sacrifice."

The statement follows:

"No extended statement from me as to what has taken place and what it all means may be expected for some time.

"Its usefulness would now be personal and that does not interest my friends or me. I was fully warned it was to be done. I did not think it could take place in free America. It did, however, take place, though I did all I could to prevent it. I stood against it as a matter of duty and in saying this I have no ambition to be declared a martyr.

"One thing now, let me say, I have no personal feeling against the president. I am yet his dependable friend and supporter.

"I have no fears as to my own contented future, and I have no favors to ask except the continuance of confidence on the part of my friends and the respect of the thinking, patriotic, self respecting American people. Of all this I feel confidently assured.

"I took a difficult position with the president as a matter of duty and a desire to help him out in the long run. To give up a place in the cabinet was not a second's disappointment to me. As to the method employed against me, the rougher the work the greater the benefit to the country as an object lesson.

Says Deserve Confidence.

"I happened to be in a position where I could stand it better than some others. I hope it stops with me. The president's cabinet deserves support of congress and the country. They are deserving of confidence, respect and gratitude.

"We should all pull together, unselfishly, and at any personal sacrifice to help the president. He is honest and is trying to put through a program that means much to the American people. The complete story of this thing will wait. In carrying out of a program agreed upon and known to be helpful to the country it will not wait too long.

"No one need waste any time worrying about the ex-attorney general. He will take care of himself until reason is restored and time and truth fully vindicate him, as they surely will.

"Nobody's feelings are much hurt, but if they are hurt at all, it does not amount to anything.

"Now is the time for cool heads, considerate counsel and help by all."

NORBECK BRINGS A NEW CHARGE

(Continued from Page One.)

federal employes. Expensive offices and organization forces were maintained in towns and cities.

"Criticism was frequently made of the expenditures of the Wood-Lowden campaign in 1920, and led to investigation by the United States senate; but there was much more evidence of lavishness in the Coolidge campaign. I believe the expenses would average three dollars for every vote they received.

"Indications are that some of the larger counties were financed from outside and not from state headquarters. In addition, outside corporations ran thousands of lines of advertising in every paper in the state, including even the smallest weeklies, for three weeks preceding the election, the avowed purpose of which was to break down the progressive forces, but especially the candidacy of Governor McMaster for the United States senate. Evidently they resented his effort to bring down the high gasoline prices.

Many Prominent Men.

"Among the Coolidge speakers were members of congress, a member of the cabinet, and a former cabinet officer.

"Neither effort nor expense was spared by the Coolidge managers, but the farmers and working people saved the day. Not only is the Johnson majority substantial, but the Johnson delegation, of which I am one, appears on partial returns to be victorious by a much larger majority."

CLAIM TRIED TO DUPE BERGDOLL

EBERBACH, Baden, March 31. — Charging the American government with an attempt to lure Grover Cleveland Bergdoll back to the United States with a promise that he would be given a light sentence, thereby providing the American public with a fresh sensation which would divert interest from the "oil scandal," the Eberbach newspaper, Messenger, yesterday published details of alleged parleys with Bergdoll, carried on by three representatives of an American newspaper syndicate and a man named Leighton Blood, alleged to be a representative of the state department but who the newspaper suspected of being the spokesman for the American Legion.

According to the Messenger and other local newspapers the four agents are alleged to have carried credentials from Secretary Hughes and the American Legion on the strength of which Bergdoll was assured he would be given a maximum sentence of four months imprisonment provided he returned before March 20.

Blood, according to local reports was equipped with a passport issued in the name of "Bryant" and official German documents which would insure Bergdoll's "unhampered" exit from Germany. Bergdoll's failure to leave before March 20, it is asserted, brought a notification from an American newspaper correspondent to the effect that the state department had withdrawn its promises of partial immunity, but that two days' grace was obtained by the correspondent which would enable Bergdoll to catch the steamer George Washington sailing from Bremen.

WEATHER CONDITIONS.

The area of low pressure noticed Saturday with the center in Iowa has moved eastward with the center beyond the limits of the map today. An extensive area of high pressure and clear, cold weather covers most of the country today with the highest barometer in South Dakota. The barometer is relatively low along the Gulf and Atlantic coast.

NOTICE OF SCHOOL ELECTION

Notice is hereby given to the Qualified Electors of the School District of the City of Lincoln in the County of Lancaster, in the State of Nebraska that—

The Board of Education of the School District of the City of Lincoln in the County of Lancaster in the State of Nebraska at a meeting regularly held on January 28 1924, by a two thirds vote adopted the following resolution

Be It Resolved by the Board of Education of the School District of the City of Lincoln in the County of Lancaster in the State of Nebraska that it is the sense of this Board that the annual expenditures of such district beginning with the year which commences July 1, 1924 should be raised upon a basis of mill levy upon the actual value of the taxable property in said district instead of by a lump sum as now provided

Be it further Resolved that pursuant to section 6630 Compiled Statutes of Nebraska for 1922 as amended by Chapter 65 Session Laws of Nebraska for 1923 this Board of Education submit to the qualified electors of said district at the State Primary Election of Nebraska to be held April 8 1924 a proposition to raise the funds for said School District for all purposes on such mill levy basis beginning with the school year that commences July 1 1924, said mill levy not to exceed in any one year for all purposes 15 mills on the dollar of the actual value of all taxable property in such district that said proposition to be submitted be substantially as follows

Shall the Board of Education of the School District of the City of Lincoln in the County of Lancaster in the State of Nebraska beginning with the school year that commences July 1 1924 raise the amount of annual expenditures of such district for all purposes by mill levy instead of by gross sum and shall such Board of Education be permitted to expend annually for all purposes including all funds a maximum of 15 mills on the dollar of the actual value of all taxable property in such district and shall the County Commissioners of Lancaster County Nebraska on receiving the annual estimate of said Board of Education as provided by Section 6629 Compiled Statutes of Nebraska for 1922 beginning with the school year that commences July 1 1924 cause to be levied the number of mills stated in such estimate but not exceeding 15 mills on the dollar of the actual value of all taxable property in said district?

Be it further resolved that the Secretary of this Board see that proper notice of such election is given in the manner provided by law and that he make the necessary arrangements for such election including the preparation of a suitable ballot and the legal receptacles therefor and polling places

In compliance with said resolution the foregoing proposition will be submitted to the qualified electors of said school district at the State Primary Election to be held April 8, 1924 All qualified electors of said School District may vote upon said proposition at the regular polling places within said district as provided for said State Primary Election and during the hours provided by law for such Primary Election Absent voters may vote as provided by law The ballot of said election shall have written or printed thereon the following —

Official Ballot State Primary Election April 8 1924
School District Ticket
Mill Levy Proposition to be Voted upon

and shall contain the foregoing proposition with the following —

Vote FOR or AGAINST
( ) I vote FOR said proposed Mill Levy
( ) I vote AGAINST said proposed Mill Levy

NOTICE OF SCHOOL ELECTION.

Notice is hereby given to the Qualified Electors of the School District of the City of Lincoln in the County of Lancaster, in the State of Nebraska that—

The Board of Education of the School District of the City of Lincoln in the County of Lancaster, in the State of Nebraska at a meeting regularly held on January 28, 1924, by a two-thirds vote adopted the following resolution:

"Be it Resolved, by the Board of Education of the School District of the City of Lincoln in the County of Lancaster in the State of Nebraska that it is the sense of this Board that the annual expenditures of such district beginning with the year which commences July 1, 1924 should be raised upon a basis of mill levy upon the actual value of the taxable property in said district instead of by a lump sum as now provided.

Be it further Resolved that, pursuant to section 6630 Compiled Statutes of Nebraska for 1922 as amended by Chapter 65 Session Laws of Nebraska for 1923, this Board of Education submit to the qualified electors of said district at the State Primary Election of Nebraska to be held April 8, 1924 a proposition to raise the funds for said School District for all purposes on such mill levy basis, beginning with the school year that commences July 1, 1924, said mill levy not to exceed in any one year, for all purposes, 15 mills on the dollar of the actual value of all taxable property in such district; that said proposition to be submitted be substantially as follows:

Shall the Board of Education of the School District of the City of Lincoln, in the County of Lancaster in the State of Nebraska, beginning with the school year that commences July 1, 1924 raise the amount of annual expenditures of such district for all purposes by mill levy instead of by gross sum, and shall such Board of Education be permitted to expend annually for all purposes, including all funds, a maximum of 15 mills on the dollar of the actual value of all taxable property in such district, and shall the County Commissioners of Lancaster County, Nebraska, on receiving the annual estimate of said Board of Education as provided by Section 6629 Compiled Statutes of Nebraska for 1922, beginning with the school year that commences July 1, 1924 cause to be levied the number of mills stated in such estimate, but not exceeding 15 mills on the dollar of the actual value of all taxable property in said district?

Be it further resolved that the Secretary of this Board see that proper notice of such election is given in the manner provided by law and that he make the necessary arrangements for such election including the preparation of a suitable ballot and the legal receptacles therefor, and polling places."

In compliance with said resolution the foregoing proposition will be submitted to the qualified electors of said school district at the State Primary Election to be held April 8, 1924. All qualified electors of said School District may vote upon said proposition at the regular polling places within said district as provided for said State Primary Election, and during the hours provided by law for such Primary Election. Absent voters may vote as provided by law. The ballot of said election shall have written or printed thereon, the following:—

"Official Ballot, State Primary Election, April 8, 1924. School District Ticket. Mill Levy Proposition to be Voted upon."

and shall contain the foregoing proposition with the following:—

Vote FOR or AGAINST.

( ) I vote FOR said proposed Mill Levy.

( ) I vote AGAINST said proposed Mill Levy.

By Order of the Board of Education. January 28, 1924.

J. G. LUDLAM, Secretary.

INTERESTING REPORTS OF BRUNER BIRD CLUB.

Quite a number of new birds have been reported the past week. Purple martins were seen around the Everett school on Wednesday, the 26th, at Calvert Place in College View on the 27th and at Walter Anderson's and other places in the city on the 28th. According to the Bruner Bird club bulletin the average date is April 8. Phoebes were seen in the pen woods on the 27th, and a screech owl pair has taken a nesting box in a southeast Lincoln back-yard.

In spite of snow and cold and a forty mile an hour wind Saturday morning, two members of the Bruner Bird club made a field trip to the beach and around the lake, seeing thirty-seven species. The total for the week observed by club members was fifty-two, of which twenty-two have not previously been reported this season: Sprague pipit and common pipit, purple martin, Harris and Savannah sparrows, cowbird, phoebe, kingfisher, screech owl, Cooper hawk, mourning dove, lesser yellowlegs, pectoral sandpiper, coot, Canada and white-fronted geese, and many ducks, ruddy, bluffle-head, ring-necked, redhead, widgeon or baldpate, and gadwall, and the ringbilled gull. One member of the club has a total of sixty-eight on his list since January 1.

LEONA JENNINGS IN RECITAL AT TEMPLE.

Leona Jennings, student with Herbert Schmidt of the University School of Music, appeared in her post graduate recital at the Temple theatre Saturday evening before a demonstrative and thoroughly appreciative audience. Miss Jennings's career has been watched with particular interest because she has achieved such remarkable things in spite of the fact that she is without her sight. She plays with astonishing accuracy and precision and has developed a smooth and fluent technic. Her tone has musical value The Mozart sonata was given in a clean cut crisp style, the Schubert Impromptu had melodic charm and the Chopin numbers were invested with personality and individuality. Miss Jennings made two novelties by Stojowski interesting and brought her program to a brilliant close with a double number by Liszt. She was warmly received and recalled many times by her friends.

Her program was as follows:

Back-Saint-Saens—Bourree

Mozart—Sonata, B flat, Allegro moderato Andate Menuetto, Rondo.

Schubert—Impromptu, Op 142.

Chopin—Nocturne, F. Major, Op. 15; Waltz, A flat, Op. 42.

Stojowski—Love Song; By the Brookside

Liszt—Forest Murmurs; Cantque d'Amour.

CHURCH SOCIETY MEETS WITH MRS. COULTER.

wasting your strength so that in the morning you feel more tired than when you went to bed—get rid of it before it causes you more serious trouble.

For more than fifty years, thousands of families have kept Dr. King's New Discovery in the medicine closet to break up coughs. It does this naturally, quickly, by stimulating the mucous membranes to throw off the secretions that are clogging them. Harmlessly, and without any bad after effects, it stops the violent throat and lung spasms and gives the irritation a chance to heal. It has an agreeable taste. All druggists.
